### REAL Learning for REAL Life

More than fifty years ago, Bellevue University was founded to help adult learners advance their careers by earning bachelor's degrees. The founders envisioned a college education that provided four critical components:

- Deep, relevant knowledge that relates to current and future in-demand careers.
- Powerful, professional skills that give graduates the ability to make good decisions and communicate meaningfully.
- Effective, engaging learning models that respect students’ experiences and expect purposeful contributions from them.
- Access that makes all of this possible for busy, working adults, as well as those just starting out in their careers.

Over the past five decades Bellevue University has been an innovator of programs, learning models, and support services for motivated students intent on bettering themselves in a variety of careers. Today we offer more than 80 degrees at the bachelor’s, master’s, and Ph.D. levels in business, information technology, healthcare, safety, and security.

More than 50,000 graduates have benefited from Bellevue University’s mission and commitment to our students. Our graduates are in fulfilling careers in the greater Omaha community and throughout the United States. We stand ready to help you reach your goals, too. The University strives to provide a quality learning environment. All Bellevue University main campus facilities have been built or renovated since 1993.

John B. Muller Administrative Services Building opened in the fall of 2011. The six-story (including garden level) building occupies 130,000 square feet. Bruin Support Services is located just inside the front doors on the first floor. The building also houses many student-facing administrative functions such as Enrollment, Advising, Financial Services, Registrar, Student Support, and Marketing.

Educational Services Building, completed in late 2006, is a 72,000-square-foot building connected to the Muller Administrative Services Building. Its classrooms, meeting rooms, and faculty offices serve the University’s growing student and employee populations. The building is also home to the College of Science and Technology. Its proximity to the ASB allows students quick access to all support services.

Baright Bookstore was opened in February 2008, thanks to the generosity of the Hollis and Helen Baright Foundation. The 6,700-square-foot building is operated by Follett Corporation and specializes in textbooks, educational supplies, Bellevue University branded clothing, and promotional items. The Bookstore is also accessible to online students, offering online ordering of required texts and materials at efollett.com.

Freeman/Lozier Library houses the University’s Integrated Media Center and Collaborative Learning/Study Areas. The Integrated Media Center offers access to computerized and web-based resources, with training facilities and workshops on how to effectively use these resources. The Learning Commons area, which holds the Tutor Center, Writing Center, and library offices is located in the library building. The library contains more than 78,000 print volumes, as well as periodicals and audio/visual materials. The online collection consists of more than 387,000 e-books, 55,000 e-journals, and 59,000 e-videos. Group and individual study tables are available for both serious study and leisure reading. Bellevue University and its librarians provide the academic services necessary to support and maintain quality education.

Gordon Lozier Athletic Center provides facilities for basketball, volleyball, weight lifting, and fitness programs. In the Venteicher Wellness Center, exercise equipment further meets the health and recreational needs of our total community, including students, alumni, faculty, and staff.

Hitchcock Humanities Center, opened in 1982, includes an entrepreneurial lab, the College of Business, classrooms, and faculty offices. In 2004, a major upgrade included a new look and feel for the building and evolving the Criss Auditorium into a high-tech presentation center with web-conferencing capability. The center is also home to the Joyce Norene Wilson Art Gallery, in honor of Professor Wilson, who dedicated 42 years of service to the University prior to her retirement.

Margre H. Durham Student Center was dedicated in December 1986. The facility was originally known as the Richard D. Winchell Student Center. This facility has been remodeled twice to accommodate changing student needs. A major upgrade completed for the 2011-2012 academic year includes a game room and a quiet study lounge. The building is also available for rental to accommodate meetings, training, or private functions.

R. Joe Dennis Learning Center was dedicated in 1993 and houses 23 classrooms. The 40,500-square-foot facility provides office space for faculty, Disability Services, Test Center, College of Arts and Sciences, and science and language labs.

Riley Technology Center and the A.C. Nelsen Computer Labs were designed to meet evolving technology needs. The University continually upgrades software to meet the needs of today’s workplace, and experts are on hand to help with any technology questions. The 12,000-square-foot addition opened in fall 1999 and houses the Center for Academic Excellence, computer classrooms, labs, and MathX.

Durham Administration Center features a 50-foot-high clock and bell tower and is home to the Bellevue University Foundation, College of Continuing and Professional Education, faculty offices, and the Bellevue Chamber of Commerce.
Rotert Building was acquired in 2009 thanks to the generosity of Alice and Bill Rotert. The Rotert building is home to the Military Veterans Service Center.

Educational Technology Building was also acquired in 2009 thanks to the generosity of Alice and Bill Rotert. The Educational Technology building is home to the Center for Learning Innovation.

Please contact the Registrar’s Office at sssstudentrecordsteam@bellevue.edu for more information on restricting directory information.

Note: Those with restricted directory information wanting to participate at the graduation ceremony, please know the ceremony will be streamed live and will be available on our website for a period of time.

As a part of FERPA policy, Bellevue University defines University official as: members of the University in an administrative, supervisory, academic, research, support position, or a person employed by (or under contract to) the University to perform a special task, such as an agent, attorney, or auditor. A University official has a legitimate interest if the official has the need to know within the limitations typically required to fulfill his or her official responsibilities or by a contract agreement related to a student’s educational experience.

FERPA permits the disclosure of personally identifiable information from students’ education records, without consent of the student, if the disclosure meets certain conditions found in 99.31 of the FERPA regulations. Except for disclosures to University officials, disclosures of directory information, and disclosures to the student, 99.32 of FERPA regulations require Bellevue University to record the disclosure. Eligible students have a right to inspect and review the record of disclosures.

A postsecondary institution may disclose personally identifiable information from the education records without obtaining prior written consent of the student:

1. The disclosure is to other school officials, including teachers, within the institution whom the institution has determined to have a legitimate educational interest.

2. The disclosure is to officials of another institution of postsecondary education where the student seeks or intends to enroll or where the student is already enrolled so long as the disclosure is for purposes related to the student’s enrollment transfer.

11. To appropriate parties in a health or safety emergency.
12. To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of 99.39. 14. (99.31 (a)(15))
15. Information the school has designated as “directory information” under 99.37. (99.31 (a)(11))

Inspection and Review of Educational Records
A student may inspect and review their education records upon request to the appropriate record custodian.
A student may submit a written request which identifies as precisely as possible the record or records they wish to inspect to the record custodian or an appropriate University staff member. The record custodian or staff member will make the needed arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Access must be given in 45 days or less from the receipt of the request.
When records contain information about more than one student, the requesting student may inspect and review only the records which relate to them. Bellevue University reserves the right to refuse to permit a student to inspect the following:
- The financial statement of their parents.
- Letters and statements of recommendation for which the student has waived their right of access, or which were placed in file before January 1, 1975.
- Records connected with an application to attend Bellevue University if that application was denied.
- Those records which are excluded from the FERPA definition of education records.
Bellevue University reserves the right to deny transcripts or copies of records not required to be made available by FERPA in any of the following situations:

Amendment of Educational Records
A student must ask the appropriate University official (Registrar or Chief Academic Officer) to amend a record. The student should identify the part of the record they want amended and specify why they believe it is inaccurate, misleading, or in violation of their privacy or other rights. Please note this procedure excludes grades. (See Grade Appeals on page 55 for more information.)
Bellevue University may comply with the request or decide not to comply. If the University decides not to comply, the student will receive notification of the decision and advice on their right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of their rights. Upon request to the Chief Academic Officer, the University will arrange for a hearing, and notify the student, reasonably in advance, of the date, place, and time of the hearing.

The hearing will be conducted by a hearing officer (who is a neutral party). The hearing officer may be an official of the institution. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend their educational records. Bellevue University will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.
If the University decides the challenged information is not inaccurate, misleading, or in violation of the student's right of privacy, we will notify the student that they have a right to submit a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision for placement in the record.
The statement will be maintained as part of the student’s education records as long as the contested portion is maintained. If Bellevue University discloses the contested portion of the record, it must also disclose the statement. If Bellevue University decides the information is inaccurate, misleading, or in violation of the student’s right of privacy, the University will amend the record and notify the student in writing that the record has been amended.

Contact the Registrar in writing with questions regarding FERPA or to file a complaint with the University.

The Solomon Amendment
The Solomon Amendment (1998) is a federal law authorizing institutions that receive federal funding to allow the Department of Defense:

- Entry to campus
- Access to students on campus
- Access to lists containing recruiting information on students

The Solomon Amendment identifies certain information that military recruiters may request about students if the student is aged 17 years or older, and are registered for class(es). This information is known as Student Recruiting Information.

This information includes only:

- Name
- Address
- Telephone number
- Age
- Class level
- Academic major
- Place of birth
- Degrees received
- Most recent educational institution attended
- Email address

If the student restricts the release of directory information under FERPA, then the University may not release such information to the military either (FERPA supersedes the Solomon Amendment.) There are additional guidelines for the release of data. The Office of the Registrar authorizes all data released to the requesting units. Please refer any requests to the Registrar.

Student Academic Honesty Policy
Academic honesty includes adherence to guidelines established by the instructor in a particular course for both individual and group work. It prohibits representing the work of others to be one’s own (plagiarism); receiving unauthorized aid on an assignment (cheating); using similar papers or other work product to fulfill the obligations of different classes without the instructor’s permission; tampering with library, computer, or student materials; or facilitating dishonesty by others.

In the event an instructor believes an incidence of academic dishonesty occurred, the instructor will inform and discuss the incident with the student, including which disciplinary action, if any, he/she shall initiate. Penalties for academic dishonesty or plagiarism may include a grade of “F” on the work in question or for the course. In addition, if the student is engaged in academic dishonesty, they may be subject to disciplinary action including reprimand, suspension, and/or expulsion from the University. Policy Statement 1035 provides detailed information pertaining to academic honesty, including procedures for determining disciplinary action, and a student’s right to appeal.

Copyright Protection
It is the intent of Bellevue University that all members of the University community adhere to the provisions of the United States Copyright Law (Title 17, United States Code, Sect. 101, et seq.) 1980 Patent Law, and Off-Air Guidelines. The following policy statements and guidelines constitute a manual for anyone at the University who wishes to reproduce, alter, or perform works that are protected by copyright. Since copyright protection applies to a variety of creative works—printed materials, sound and video recordings, artworks, computer software, and others—this policy has been constructed to address issues related to particular types of media.

What Copyright Is
Copyright is a form of legal protection for authors of original works, including literary, dramatic, musical, artistic, and other intellectual products. Publication is not essential for copyright protection, nor is the well-known symbol ©, however, pre-1976 works must be published and be identified as copyrighted in order to have copyright protection. Section 106 of the Copyright Act (90 Statute 2541) generally gives the owner of copyright the exclusive right to do and to authorize others to do the following:

1. Reproduce copies of the work.
2. Prepare derivative works based on the copyrighted work.
3. Distribute copies of the work by sale, rental, lease, or lending.
4. Publicly perform the work (if it is a literary, musical, dramatic, or choreographic work or a pantomime, motion picture, or audiovisual work).
5. Publicly display the work (if it is a literary, musical, dramatic, choreographic, sculptural, graphic, or pictorial work—including the individual images of a film—or a pantomime).

The copyright owner retains these rights even when the work itself belongs to someone else. However, the rights are not absolute. They are subject to “Fair Use” limitations, which apply to all media, and medium-specific limitations. For further information, visit the Bellevue University Library’s Copyright Center at www.bellevue.edu/services/library.aspx.

The University will impose disciplinary sanctions on students and employees (consistent with local, state, and federal law), up to and including dismissal from the University or termination of employment and referral for prosecution, for violation of these standards of conduct. Disciplinary sanctions may include the completion of an appropriate rehabilitation program.

Possession or use of drugs/alcohol on University property is prohibited. Empty or partially empty containers, caps, or drug/alcohol related items are considered possession. All drugs/alcohol found in University facilities will be confiscated. Policy Statement PS 11 Drugs and Alcohol is included in all pertinent school publications, including faculty/staff handbooks and the University's website: Drug and Alcohol Policy. Members of the University community who may need drug or alcohol abuse counseling may contact the Human Resources department or the Office of Student Affairs for appropriate referral.

Legal tobacco products will be permitted in personal vehicles, but discretion must be practiced at all times.

Except under legal compulsion, information contained in such records with the exception of directory information shall not be released to agencies outside the University without the student's expressed consent. The student shall specify what categories, if any, of their records are excluded from such permission; otherwise the permission will be deemed to be general. If the permission is limited, this fact may be noted on the release. Recognition of this right of confidence shall not, however, infringe on the right of an individual to express his or her unofficial personal judgment within a professional framework as to the student's ability and character based on personal knowledge and the public reputation the student may have made for themselves in the University community.

A student may obtain a copy of the University's FERPA policy from the Registrar's Office. The following are among the student's recognized responsibilities as a student:

1. The responsibility to exercise initiative in contributing to and maintaining standards of academic performance as established by the faculty and governing authorities of the University.

that a student is missing. The University will also contact the student's confidential emergency contact on record.
If the student is under the age of 19, and is not emancipated, the parents or guardians of the student will be contacted, in addition to any other emergency contact person listed.

ix. Ban and Bar – Campus Safety may issue written notices to any person who has been contacted or observed on University property while engaged in any unlawful or unauthorized activity banning and barring such person from University property. vii. The Vice President shall send the decision within fifteen (15) University business days on the appeal to the student by certified mail. In addition, the Vice President may communicate with the student by phone or email as well. The Vice President is also responsible for placing a copy of his or her appeal decision in the student’s file.

b. The decision of the Vice President shall be final and not subject to further appeal.

Discrimination and Harassment Policy

University policy PS 04 prohibits any act of discrimination or harassment against any individual associated with the University. In keeping with our educational mission, the University will foster open learning and working environments. To meet moral as well as legal obligations, the University has developed procedures to protect both students and employees from discrimination and harassment, as well as established an environment in which such unacceptable behavior will not be tolerated.

The University’s ethical obligation to provide an environment that is free from discrimination and harassment and from the fear that it may occur is implicit. The entire collegiate community suffers when discrimination or harassment is allowed to pervade the academic atmosphere through neglect, or through the lack of programs designed to clarify appropriate professional behavior and promote understanding of what constitutes discrimination or harassment.

Campus Safety-Reporting a Crime

It is the goal of Bellevue University to provide a secure, safe campus and work place for its students and employees. Students, faculty, and staff at Bellevue University who observe or are involved in any crime or incident on campus should report the incident to the Safety Office as soon as possible by calling 402-557-5000, by using one of the blue phones in the parking lots located on campus, or by filling out the Incident Report form at http://www.bellevue.edu/footer/contact-us/incident-report.

Student Complaint Procedures

Bellevue University affirms the right to bring forth complaints and is committed to resolving these matters in a fair, equitable, and timely manner, so as to protect the rights of both the individual and the community.

This complaint procedure applies to complaints that are not addressed by the Academic Appeals Procedures, Americans with Disabilities Act, Student Academic Honesty (Plagiarism), Student Code of Conduct, Discrimination and Harassment Policy, Student Records Policies, or any other existing formal procedure under which a complaint may fall.

Students are encouraged to attempt to resolve the issue directly with the member of the faculty, staff, or administration involved in an informal manner. If a satisfactory resolution cannot be reached informally or the student does not feel comfortable attempting to resolve the issue directly, the student needs to submit the complaint to https://bellevue-advocate.simplicity.com/public_report/index.php. After submitting the complaint the appropriate staff will be in contact within two business days.

If a satisfactory resolution is still not reached, an appeal may be submitted in writing to the appropriate University Vice President, whose decision will be final.

Reporting and Disclosure of Information

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) is the landmark federal law, originally known as the Campus Security Act. It requires colleges and universities across the United States to disclose information about crime on and around their campuses. Bellevue University is in compliance with the Clery Act requirements by publishing this information online at http://www.bellevue.edu/student-support/consumer-information/consumer-information. Paper copies are located on-campus in the OneStop Welcome Center and Office of Student Affairs, or available by request from the Safety Administrator, who can be reached at 402-557-7079. For all disclosure information, please visit http://www.bellevue.edu/student-support/consumer-information/consumer-information.

Electronic Device Expectations

Electronic devices, other than those approved for class, are not allowed during class time. All cell phones, pagers, music players, etc. need to be put on silent mode when in the classroom or library. If there are job related (on-call) or medical reasons (illness at home) to have the device active in the classroom/library, the instructor/librarian needs to be informed. In those cases, if a student is contacted, they will be required to leave the classroom/library to have the conversation. Electronic devices are not allowed within the testing rooms of the test center at any time.

Student Email Regulations

All Bellevue University students receive a lifetime email address. This is a secure email account and the primary method of communication with instructors and other University departments. Email is an official means for communication within Bellevue University. Therefore, the University has the right to send the student communications via email and the right to expect that those communications
are received and read in a timely fashion.

University email accounts are assigned to all registered students and alumni. All University communications will be sent to the student's official University email address. The student is expected to check their University email account on a frequent and consistent basis to stay current with University-related communications.

Faculty may determine how email will be used in their courses. Faculty may expect that the student's official email addresses are being accessed and faculty may use email for their courses accordingly.

The University recommends checking email once a week (at a minimum), in recognition that certain communications may be time-critical. Course specific requirements may necessitate the student access their email more frequently than once a week. The student needs to ensure there is sufficient space in their account to allow for email to be delivered. Emails that have been in the “trash can” for 30 days or more will automatically be removed.

The student may have email electronically redirected to another email address. To have email redirected from the official address to another email address (e.g., @aol.com, @hotmail.com), the student may do so, but at their own risk. The University will not be responsible for the handling of email by outside vendors or by departmental servers. Having email redirected does not absolve the student from the responsibilities associated with communication sent to their official email address.

In general, email is not appropriate for transmitting sensitive or confidential information unless its use for such purposes is matched by an appropriate level of security.

Confidentiality regarding student records is protected under the Family Educational Rights and Privacy Act of 1974 (FERPA). All use of email, including use for sensitive or confidential information, will be consistent with FERPA.

Email shall not be the sole method for notification of any legal action. While incidental personal use of email is acceptable, conducting business for profit using University resources is forbidden.

Examples of Inappropriate Use

Use of the University's email system for inappropriate purposes is strictly prohibited. Inappropriate uses include, but are not limited to, the following examples:

- The creation and exchange of harassing, obscene, or threatening messages.
- The unauthorized exchange of proprietary information or any other privileged, confidential sensitive information.
- The creation and exchange of advertisements, solicitations, chain letters, and other unofficial, unsolicited email.
- The creation and exchange of information in violation of any laws, including copyright laws, or University policies.
- The knowing transmission of a message containing a computer virus.
- The misrepresentation of the identity of the sender of an email.
- The use or attempt to use the accounts of others without their permission.

Users who experience such inappropriate uses or who receive email related thereto, should immediately submit their concern to https://bellevue-advocate.symplicity.com/public_report. Material that is fraudulent, harassing, profane, obscene, intimidating, defamatory, or otherwise unlawful or inappropriate may not be sent by email or other form of electronic communication. Those that engage in this type of behavior will be considered in violation of the policy and may result in disciplinary action; including termination of the student's email account.

For the good of all users, improper use and abuse of the computer and network privileges will not be tolerated. Bellevue University authorizes user accounts solely for use in conducting course-related research and University business.

The use of Peer to Peer (P2P) software for downloading, copying, and sharing material such as music, movies, games, software, or other copyrighted materials for which the copyright holder has not given rights, is both against the law and Bellevue University’s Computer and Network Use Policy. Outreach and Partnerships

Outreach Scholarship Initiatives
The University’s South Omaha Outreach Scholarship Program has been successful in providing educational opportunities for underserved and underrepresented students in our community. This scholarship program was originally designed to enroll, retain, and educate residents of South Omaha, Bellevue, and the surrounding area. By participating in this scholarship program, students receive scholarship support and professional career development throughout the completion of their degree program.

The South Omaha Outreach Scholarship Program’s focus is on providing support for traditional aged students who are financially underserved, and who are of Latino/Hispanic descent. Beginning with the 2017/2018 Academic Year, the South Omaha Outreach Scholarship will undergo a name change. It will be renamed The Latino DREAM Scholarship. The purpose of the name change is two-fold. The area served is expanding and will no longer be limited to residents of South Omaha or Bellevue (under restricted zip codes), but will be open to the entire State of Nebraska, including the counties of Pottawattamie, Harrison, and Mills in the State of Iowa. Awardees from the central and western parts of Nebraska (i.e. those not located within daily driving distance) will be required to relocate locally as the scholarship is restricted to residential students.

Federal Disclosure Information
According to Federal Regulations, institutions must disclose certain information to enrolled students, prospective students, parents, and employees. On the following page is a list of available disclosures, a brief description, contact, department, phone number, or where detailed information can be located. For full disclosure information, please visit http://www.bellevue.edu/student-support/consumer-information/consumer-information. You may also obtain a paper copy of the consumer information disclosures by contacting Bruin Support Services at 1-800-756-7920, option 0, or BRUINSupportServices@Bellevue.edu.
Therefore, a portion of the courses are required to be taken in the in-class format. This change will help to better serve the needs of the ever-growing population in the state.

The DREAM and Mike and Lin Simmonds Scholarships, were born out of the success of the original South Omaha Outreach Scholarship Program, and at the behest of the scholarship donors and board members. These scholarships mainly target local students in the eastern counties of Nebraska and western counties of Iowa who are non-traditional age, transfer students, single parents, first generation students, racial and/or ethnic minorities, and those who have the most financial need. These scholarships also provide all the support and services that the original South Omaha Outreach Scholarship Program provides, but are able to serve a larger body of students throughout the entire local area.

All scholarship program students receive funding annually for up to five years or until the student completes their first bachelor’s degree (whichever comes first).

Eligibility is determined by the following criteria:

- Student can be a first-time freshman, transfer, or continuing undergraduate student already in attendance.
- Student must demonstrate financial need through the completion of the FAFSA or College Funding Estimator (found on the EducationQuest.org) each academic year.
- For the Mike and Lin Simmonds Scholarship: Student must be a Nebraska resident residing within one of the following zip codes: 68104, 68110, 68111, 68112, 68131, 68132 in North Omaha; or Iowa resident residing in 51510 in Carter Lake, IA.
- Student needs to meet the minimum academic requirements for the scholarship.
- Student must plan on matriculating on a full-time basis throughout the duration of the scholarship.
- Student will be required to successfully complete a number of additional programmatic pieces each term in order to maintain the receipt of the scholarship.

First priority is given to ethnic/racial minorities, single parents, and first generation students.

Bellevue University continues to create strong community relationships to offer additional scholarship opportunities to students most in need. The University recently enhanced the partnership with the TeamMates Mentoring Program to create a specific TeamMates-DREAM Scholarship. This scholarship which offers four (4) new awards per academic year is restricted to current/active senior TeamMates mentees. The remainder of the criteria mirrors much like The DREAM Scholarship. One added benefit for the TeamMates-DREAM Scholarship is that the recipients are also assigned a second-mentor at the University to continue on what the TeamMates Mentoring Program initially provided to them. A second partnership that is also building momentum is with the Partnership 4 Kids (P4K) organization. The University in collaboration with P4K has developed a scholarship program geared at providing full-ride scholarships for up to two (2) new students each academic year. The goal of the partnership is to provide a comprehensive pathway for Partnership 4 Kids participants to earn a bachelor's degree from Bellevue University. This scholarship requires a nomination form be submitted to the University on behalf of a student from a P4K representative in order for a student to apply. Additionally, students must demonstrate financial need specifically through Pell-eligibility. The remainder of the criteria mirrors much like the other outreach scholarship initiative programs; and the students from both of these new scholarship programs receive the same support, services, and professional career development as the others.

Transfer Agreements – Post-Secondary Institutions

Bellevue University has articulation agreements with over 150 U.S. colleges and institutions, and with universities abroad. These agreements may allow students with transfer courses or degrees in technical, career, or liberal arts fields to transfer directly to Bellevue University to complete a bachelor’s degree program.

Under agreements with two-year and four-year colleges, students will receive maximum program flexibility at a minimum cost, by receiving full academic value for completed course work. If previously earned Bellevue University credit hours are included in the associate's degree, they are not counted in the total number of transfer hours.

Students must complete the remaining specified coursework to obtain their degree.

Visit http://www.bellevue.edu/admissions-tuition/transfer-credits/articulation-agreements for a list of institutions.

If a transfer student has earned an Associate of Science (A.S.), Associate of Arts (A.A.), Associate of General Science, or Associate of Applied Science (A.A.S.) degree from a community college not listed, the student may be admitted to Bellevue University under the same transfer arrangements.

Transfer of Credit to Another Institution

Students should be aware that transfer credit is always the responsibility of the receiving institution. Whether or not credits transfer is solely up the receiving institution. Any student interested in transferring credit hours should check with the receiving institution directly to determine to what extent, if any, credit hours can be transferred.

Military Students

Active duty, Veterans (retired, and those having served), as well as spouses and dependents, are an important part of the Bellevue University community. The Enrollment Department, the Military Veteran Services Center on the main campus, our

Students who submit an official transcript which reflects a two-year degree from a regionally accredited post-secondary institution are not required to show proof of high school completion.

2. In select majors within the College of Business significant volunteer experience may substitute for work experience.

3. Some programs require students to possess three years of significant work experience relevant to the major (an admissions counselor will advise accordingly); and

4. Submit an Application for Admission, completed, signed, and accompanied by the application fee.

Admission of International Students for Undergraduate Degrees

These guidelines and regulations apply to international students planning to study in the United States. Typically these are students holding a F1, J1, or M1 visa. If the student is an online international student studying from their home country, refer to the general undergraduate admission requirements.

Bellevue University is authorized by the Department of Homeland Security to issue the student Certificate of Eligibility Form I-20 for study in the U.S. In compliance with the Immigration and Nationality Act, international students must be enrolled full-time. If the student is an international student planning to attend Bellevue University classes in the
U.S., they will need to apply for admission to Bellevue University as a degree seeking, full-time student.

The Immigration and Nationality Act requires full-time attendance for all international students. An international student applying for admission to the University's undergraduate degree programs should inquire at http://www.bellevue.edu/request-information/.

To apply for admission as an international student, submit the following:

1. Completed Application Form.
2. Verification of funds (see admissions counselor for details).
3. Official WES or ECE transcript (see Foreign Credential Evaluation Process information on page 24).
4. TOEFL test results with a minimum score of 500 (paper-based) and/or 61 (internet-based) for undergraduate and 71 on the Internet based TOEFL for graduate or an approved equivalent.
5. One-time, non-refundable international application fee.
6. For students transferring from another U.S. institution, a completed International Transfer Student Form is required and official transcripts from each previously attended regionally accredited post-secondary institution.

Admission is considered when all of the above requirements are met. Visit http://www.bellevue.edu/prospective-students/international/ for more information on International Programs.

**Foreign Credential Evaluation Process**

A prospective student with foreign academic documentation will need to have that documentation evaluated by World Education Services (WES) or by Educational Credential Evaluators (ECE) prior to being accepted and matriculated at Bellevue University. Students will need to order course-by-course evaluations by WES or ECE if they have foreign University credits to transfer to Bellevue University. Those without foreign University credits to transfer to Bellevue University will need to order a document-by-document evaluation.

WES and ECE will verify institutional accreditation status and complete a course-by-course evaluation containing the following: a description of credentials, including name and year awarded, name of institution attended, and major field of study. It also provides the U.S. equivalent for each credential and lists all post-secondary subjects with their corresponding value expressed in the terms of U.S. semester credit and grade equivalents.

WES evaluation/transcript can be ordered at wes.org. ECE evaluation/transcript can be ordered at ece.org. The websites explain what must be provided as well as costs.

Bellevue University also accepts evaluations completed by an approved National Association of Credential Evaluation Services (NACES) current member. A complete list of current NACES members can be found at naces.org.

**Admission Requirements for Non-Degree Seeking Students**

Students who do not intend to earn a degree with Bellevue University will be asked to provide documentation of high school completion. Please contact Enrollment Management for more information on the documentation that can be utilized to satisfy this requirement for non-degree seeking students. Students will be required to provide evidence that course prerequisites have been met in full upon registration.

In addition, it is important to note, if the student changes their intent and wishes to become a degree-seeking student, they will be required to submit a new application, declare the degree they wish to pursue, meet all of the admission requirements, and submit all official documents (described previously) to be fully accepted as a degree-seeking student.

**Post-Secondary Transfer Students**

Students suspended or dismissed from any post-secondary institution within the last five years, may be accepted under Academic Probation status. If it has been less than one year from the date of suspension or dismissal a student may be admitted with approval from the Executive Vice President for University and Academic Affairs or Chief Academic Officer.

For details relative to academic credit transfer please see the Modes and Methods section of the course catalog.

**Conditional Admission**

In certain situations applicants who have not satisfied the bachelor's or master's admission requirements may be granted conditional admission. Conditional admission allows the student to begin their course of study while continuing the application process. This admission status is temporary and students who fail to complete the admission process in the required time may be administratively withdrawn.

Bellevue University 2017/2018 Academic Catalog & Student Handbook 25
**Admission Requirements for Master’s Degrees**

Admission is considered when the applicant has met all requirements, and the University has received official and verified documents. The Graduate Enrollment Director reviews all completed applications. In special circumstances, the college Dean may recommend a conditional admission if the student has not yet been able to complete or fully satisfy all requirements. Students possessing a master’s degree from a regionally accredited institution may be accepted without providing undergraduate transcripts. Select Graduate Majors may require submission of undergraduate transcripts.

**Admission of International Students for Master’s Degrees**

These guidelines and regulations apply to international students planning to study in the United States. Typically these are students holding a F1, J1, or M1 visa. If the student is an online international student studying from their home country, refer to the general admission requirements.

Bellevue University is authorized by the Department of Homeland Security to issue the student Certificate of Eligibility Form I-20 for study in the U.S. In compliance with the Immigration and Nationality Act, international students must be enrolled full-time. If the student is an international student planning to attend Bellevue University classes in the U.S., they will need to apply for admission to Bellevue University as a degree seeking, full-time student.

The Immigration and Nationality Act requires full-time attendance for all international students. An international student applying for admission to the University's degree programs should inquire at [http://www.bellevue.edu/request-information/](http://www.bellevue.edu/request-information/).

To apply for admission into graduate programs, the applicant will need to submit the following:

1. Completed Application Form.
2. Verification of funds (see admissions counselor for details).
3. Official WES transcript demonstrating the student meets admission requirements.
4. TOEFL test results with a minimum score of 530 (paper-based), 71 (internet-based), or an approved equivalent. TOEFL test results are not required of students from select English-speaking countries. Complete information can also be found on our website at [http://www.bellevue.edu/prospective-students/international/toefl-exempt-countries](http://www.bellevue.edu/prospective-students/international/toefl-exempt-countries).
5. Application Fee, which is non-refundable.
6. For students transferring from another U.S. institution, a completed International Transfer Student Form is required.

An international student who has been awarded a bachelor’s degree from a regionally accredited U.S. institution of higher education may apply for direct admission into graduate degree programs. The applicant will need to follow general admissions requirements for the specific graduate program.

Verification of funds is required. Visit [http://www.bellevue.edu/prospective-students/international/](http://www.bellevue.edu/prospective-students/international/) for more information on International Programs.

**Admission Requirements for Doctorate Degrees**

All admission materials must be submitted for review by the Program Director prior to admittance into the Ph.D. program:

1. Possess a graduate degree from a regionally accredited college or University within the U.S., or a U.S. equivalent degree from a nationally or internationally accredited college or University outside the U.S.
2. All applicants for Ph.D. admission to Bellevue University are required to submit an Application for Admission accompanied by a one-time application fee for graduate programs (this fee is waived for Bellevue University alumni).

Bellevue University reserves the right to modify all charges should such action be required.

Tuition for Undergraduate and Graduate Term-Based Programs for 2017-2018
To view tuition and fees for the current academic year, please log in at http://www.bellevue.edu/admissions-tuition/tuition-fees/tuition-and-fees.

General College Fee
Fee for academic and administrative support services and student activities.

Graduation Fee
Fee is assessed to students when approaching graduation. This fee covers some of the cost associated with graduation including, but not limited to, final degree audit, diploma, postage, and the commencement ceremony.

Refund Schedule for Tuition and Fees
The following refund schedules will be used to calculate refunds for all students who withdraw from class(es).

A student may find it necessary to withdraw/drop from the University before the end of a term or class. Withdrawals could impact student account, financial aid, tuition assistance, and veteran benefit status. The date that the student starts the withdrawal process and drop class(es) is the official withdrawal date for the class(es), and will be used to calculate the percentage of time the student was enrolled in the term and the percentage of tuition charged. The calculation will use the total number of calendar days attended divided by the total number of calendar days of the enrollment period (minus authorized breaks of five days or more). If a student drops after the 60 percent point in the enrollment period, there is no tuition or fee refund; the student is responsible for the full amount.

Example (Traditional Based Student in 12-Week Session): Student A has total institutional charges of $2,381, which include $2,250 in tuition and fees and $131 in books and/or supplies charged at the bookstore. The student enrolled in the Fall 12-Week session, but withdraws from all classes after attending for 26 days.

The 12-Week session is 83 calendar days in length. The student will be charged for (has earned) 31.33 percent of the tuition (26 days/83 days = 31.33 percent). The unearned percentage of tuition is 68.67 percent and will be credited off of the student’s account.

Refund Appeal Process
Some circumstances may warrant an exception from Bellevue University’s published refund policy. In such cases, the student should send an appeal, including necessary documentation to:

Cathey Hanson, Senior Director, Student Finance
Bellevue University
1000 Galvin Road South
Bellevue, NE 68005-3098
Email: cathey.hanson@bellevue.edu

Refund Policy
Students eligible to receive a refund based on excess financial aid for living expenses, corporate or military tuition assistance, or withdrawal from class, will be issued a refund. For those who receive financial aid disbursement prior to tuition assistance, all tuition, fees, and books will be deducted out of the financial aid refund first. If Bellevue University refunds more money than the student is eligible to receive, the student is responsible for payment back to Bellevue University.

Payment Options
Bellevue University offers three primary payment options. In some cases, the primary option will not cover 100% of the educational cost so a secondary option will need to be determined. The Student Finance team will work collaboratively to deliver information to ensure financing is secure, therefore, turning the student’s focus to their learning experience. Studies have shown students who have their financing in place prior to beginning their studies are far more successful in obtaining their goals. For more information, visit bellevue.edu/admissions-tuition/financing-options/payment-options.

Registration
Students can register for classes when registration opens.

Cash – Self Pay
This option is for students who plan to pay all or a portion of their educational costs without alternative funding. Payment is due 14 days prior to class/session start.

Organizational Tuition Assistance
There are two categories students can use under this option.
1. Employee Sponsored Option would be used if payment is made directly to Bellevue University by the student’s employer. This option may apply to students who are using:
   - Military Tuition Assistance
   - Corporate Billing Authorization
   - Letter of Credit (LOC)
2. Deferral Option would be used if payment is made directly to the student from the student’s employer and in turn, the student is responsible to pay Bellevue University directly.
This option may apply to students who are using Corporate Reimbursement. It is the student's sole responsibility to provide the deferral authorization on an annual basis.

Federal Financial Aid
Payment due dates will be 45 days from the start of the class or session. If there is still a balance due, and financial aid does not cover the entire cost, the student will be required to pay the remaining balance using another payment option.

Payment Plans
Although the student is not required to pay the entire balance upon registration, they must understand their financial obligation for all tuition and fees at the time of registration. The University will divide the balance of tuition and fees into three equal payments for traditional terms with the student's first payment due 14 days prior to class/session start and then every 30 days thereafter. For students enrolled in Cohort Programs, the number of payments is based on the number of classes in their program. International students are required to pay in full for each term upon registration or due date.

International Students
International students using an international draft drawn on a bank outside of the continental U.S., or wire transfer in excess of their cost, will have the draft posted to their student account. Any excess funds remaining once the account is paid in full will be refunded less any bank service charges once the check has been paid by the bank. If the draft is drawn on a bank inside the continental U.S. in excess of the student's cost, the refund will be issued according to the University's refund policy. Checks must indicate they are in USD (United States Dollars). Future classes/sessions may be impacted until all outstanding balances are paid in full.

Late Payment Fee for Undergraduate and Graduate
Payments become past due one day following their due date and will be assessed a late payment fee of $50.00. The student may be administratively withdrawn from all future classes if any amount becomes past due or delinquent. The student is responsible for informing the University of any change of address.

Military Tuition Assistance
Please see the Military Student section on page 17.

Corporate Tuition Assistance/Company Billing
Students using Corporate Tuition Assistance (where the company pays Bellevue University directly), may do so by providing Student Finance with an official letter of credit from their employer on official letterhead. This letter should explain exactly what the employer is willing to pay (tuition, books, and fees). If the company pays in full, the student is not responsible for any payment. The student is responsible to pay any portion not covered by their employer based upon the applicable payment schedule.

Deferral Payment Option
Students may use the Deferral Payment Option if they receive reimbursement from corporations or businesses of at least 50 percent of the total cost of tuition and fees. To utilize Bellevue University's deferral program students must provide all applicable required documents. Bellevue University will defer payment of tuition and fees for 45 days from the end of class/session if approved.

Participation is voluntary and the terms and conditions of the deferral agreement are not contingent upon the receipt of a grade or reimbursement by the student's tuition assistance provider. Under all circumstances, the student is solely responsible for all tuition and fees due. Enrollment in future classes/sessions may be impacted until all outstanding balances are paid in full. Deferral Authorizations are valid for one year. It is the student's sole responsibility to provide the deferral authorization on an annual basis.

Additional Policies

Dropping or Withdrawal – Traditional-Based
A student's account (refund/credit/obligation) may be impacted if they withdraw. The amount of credit to be refunded or obligation to be paid by the student will be determined by the tuition credit/refund policy in effect at the time of the drop or withdrawal action. See page 37 for withdrawal information.

Dropping or Withdrawal – Cohorts
If the student needs to interrupt their commitment (financial and academic) after the cohort program has begun, they may be able to recapture some of their investment through the Drop/Add Process. This allows the student to re-enroll with a later cohort group, continuing their studies at the point at which they were interrupted. The financial consequences will vary from student to student.

What are the consequences of non-payment? – If payment is not received by the due date, the student's account will be considered past due. A hold will be placed on their account, preventing future registration as well as the release of transcripts and diplomas. The student will also be at risk for withdrawal from all future classes if payment is not made within three days of the account entering a past due status. If a balance cannot be paid in full, payment arrangements can be made by contacting an Account Resolution Specialist at 1-866-664-7008 or ar1@bellevue.edu. After all internal
resolution activity has been exhausted and a past due balance still remains, the student's account will be turned over to a collection agency.

**How can a student get re-enrolled after Non-Payment Withdrawal?** – To be re-enrolled in a course(s), payment must be made immediately. It is important to note that the payment must satisfy the past due balance as well as the amount due for the next scheduled course(s) if within 14 days of the start date. Once payment is made, it is critical for the student to contact their Admissions Counselor or Student Coach as soon as possible. This contact is a critical step in the re-enrollment process. Resolving a past due account balance does not automatically re-enroll the student into their future course(s).

Re-enrollment may only occur if the student's next scheduled class has not started. Re-enrollment is also contingent on the availability of course(s). For more information, contact an Account Resolution Specialist at 1-866-664-7008 or ar1@bellevue.edu.

**Credit Balance Policy**

If the student has a credit balance, they will automatically be refunded eligible refunds. If the student wishes to leave the credit balance on their account, they may do so by completing and turning in a Student Authorization Statement Form to Student Finance via fax at 402-557-5410 or email to stuacct@bellevue.edu. This Authorization Statement is good for the academic year it is signed; any credit balance will be refunded at the end of the authorized academic year unless a new Student Authorization Statement Form is submitted.

**Request for Statement of Account**

To request a Statement of Account, submit a request online through BRUIN's Student Resources link. For assistance, please contact the BRUIN Support Services at 1-800-756-7920, option 0, or BRUINSupportServices@Bellevue.edu.

**Tax Credit Reporting**

Educational institutions are required to file a Form 1098-T, Tuition Statement, with the IRS and to provide a copy of the form to the student, for each enrolled student for whom there is a reportable transaction. A reportable transaction includes payments received, amounts billed, or refunds made for tuition and related expenses. Bellevue University reports on amounts billed. For the Form 1098-T to be accurately prepared, the educational institution must address boxes 8 and 9. Note that box 8 will be checked if the student was enrolled at least half-time, and box 9 will be checked if the student was enrolled as a graduate student. There are some exceptions where an educational institution is not required to file and provide the Form 1098-T. These exceptions include:

- Courses for which no academic credit is offered, even if the student is otherwise enrolled in a degree program.
- Non-resident alien students, unless the student requests the institution to file Form 1098-T.
- Students whose tuition and related expenses are waived entirely or paid entirely with scholarships or grants.
- Students whose tuition and related expenses are covered by a formal billing arrangement with the student's employer or a government agency such as the Department of Veterans Affairs or the Department of Defense.

Bellevue University reports billing for the calendar year.

**Stop Payment Charge**

The University is not responsible for refund checks lost in the mail. Stop payment requests on refund checks will only be processed once the check has been missing for 10 business days from date of mailing.

**Financial Obligations**

All financial obligations to Bellevue University need to be paid in full before official transcripts or diplomas are released. If the student is past due, they may be denied continuation of their classes/program and any future enrollment.

**Financial Aid**

Financial Aid is money available to assist the student with the costs of attending college. This assistance comes from the federal and state government, the institution, and private sources. Financial aid includes grants, scholarships, work-study programs, and student loans. Grants and scholarships are funds that do not have to be repaid.

Federal Work-Study allows the student to work and earn money. Student loans and loans to parents for students must be repaid. In general, all U.S. citizens and eligible non-citizens enrolled in an approved degree program may apply for financial aid. Refer to the eligibility criteria listed on the Free Application for Federal Student Aid (FAFSA) www.fafsa.ed.gov (Bellevue University Code is 002538). Some scholarships are available if the student does not qualify for other forms of financial aid. The University uses the federal methodology formula to determine financial need. The student is encouraged to submit a FAFSA as early as possible after October 1.

Financial assistance disclosure information is available from any staff member of the Financial Aid Office or Bruin Support Services during normal operating hours. This information also is available on the University website bellevue.edu.
The Financial Aid Office prepares a personalized need analysis for each student interested in receiving aid. Individualized need analysis assures the student full consideration for all types of assistance for which they may qualify. Determination of sources and amounts of the student’s financial assistance is made through calculation of:

- Expected student/family contribution
- Estimated educational expenses
- Other aid available to the student

The difference between student/family contribution and any other aid or educational expenses is the amount of unmet need. The financial aid package explains all sources of financial assistance for which the student may be eligible including Title IV programs, grants, and University funded programs.

Financial aid materials are contained on the Bellevue University website. Please begin the application process for financial aid eight to twelve weeks prior to the start date of the desired program. For additional information, please contact the Bruin Support Services at 1-800-756-7920, option 0, or BRUINSupportServices@Bellevue.edu.

Financial Services Philosophy
The fundamental philosophy guiding our Financial Aid Department is that no student should be denied an education due to lack of financial resources. Financial need is determined and awards are made without regard to race, color, religion, sex, national origin, age, or disability. We are committed to assisting students with obtaining financial assistance sufficient to meet primary financial need (tuition, books, fees, and transportation). Secondary costs of education (room, board, and personal expenses) may be considered in financial aid packages based on the availability of funds.

Federal Work-Study Program
This program provides financial assistance through part-time employment on and off campus. The student may participate in the work-study program if they have documented unmet need. Work-study is awarded to a student if they mark their interest on the FAFSA and they live in the Omaha metro area. A work-study award is the total amount of money that the student may earn during the school year. If the student is hired in a work-study position, their earnings are drawn from the work-study award.

Depending on hours worked during the year, the student may or may not earn the total amount awarded. Federal Work-Study offers off-campus community service job opportunities in a variety of fields and locations. Please contact the Financial Aid Office for work-study assistance early in the school year, as positions are limited.

Scholarships
The overall University scholarship program awards both needs and merit-based scholarships. The program is primarily designed to assist financially needy incoming and continuing students at the undergraduate level. Some merit-based scholarships are available to recognize outstanding academic achievement by incoming freshman and continuing Ph.D. level candidates. Fewer options exist for international students, students pursuing Graduate and Ph.D. degrees, and students studying at a distance.

Merit scholarship requirements vary by the source of funding; however awards are generally based on a combination of factors with scholastic achievement being the primary. Other considerations may include a student’s involvement in extracurricular activities, community service, personal recommendations, and financial need. Special ability scholarships are awarded in selected areas such as athletics, special programs of study, and special projects.

For scholarship consideration that requires financial need, students will need to process a FAFSA each academic year. These applications are available through the Financial Aid Office and online in the Financing Options section of www.bellevue.edu.

Scholarship funds are provided through a variety of sources and donors. Applications are reviewed throughout the academic year and specific deadlines are posted on the individual scholarships and online under the Financing Options section of www.bellevue.edu under Scholarships.

In determining specific priorities for the award of University based/funded scholarships and grants, students are evaluated using the following guidelines:

- Student needs to be entering as a first-time freshman or transfer student. For special programs or project scholarships, students must meet the qualifying status in order to be considered.
- Student needs to meet the specific criteria (i.e. academic achievement, special ability, etc.) as established for the particular financial assistance program for which they may qualify.
- Student must plan on matriculating on a full-time basis throughout the duration of the scholarship.

In determining specific priorities for the award of donor based/funded scholarships, students are evaluated using the following guidelines:
• Student can be a first time freshman, transfer, graduate (Masters), or continuing student already in attendance.
• Student must demonstrate financial need through the successful submission of the FAFSA or College Funding Estimator (which can be found on the EducationQuest website) each academic year.
• Student needs to meet the specific criteria (i.e. academic achievement, program enrollment, involvement in the community, etc.) as established for the particular scholarship for which they may qualify.
• First priority and preference is given to local, undergraduate, Nebraska residents.

Freshman Academic Achievement Scholarship
The Freshman Academic Achievement Scholarship is a University funded scholarship and recognizes outstanding academic achievement of incoming freshmen who have just graduated from high school. It is a 4-year renewable scholarship based on the following criteria:

• Student needs to be a first-time freshman enrolling at the University directly after high school.
• Student needs to meet the specific academic requirements for the scholarship.
• Student must plan on matriculating on a full-time basis throughout the duration of the scholarship, of which 3 credit hours each term must be completed in-residence.
• Student will be required to successfully complete a number of additional programmatic pieces each term in order to maintain the scholarship.

Scholarship award level distinctions are as follows:
• Bellevue Scholar
• Dean's Scholar
• Presidential Scholar
• Board of Directors Scholar

BRUIN Community Scholarship
The BRUIN Community Scholarship is a University funded scholarship, and recognizes well rounded incoming freshmen who have just graduated from high school. These scholarships are based on a nomination process within the high schools where students must display a commitment to academic success, strong community involvement, and leadership. It is a 4-year renewable scholarship based on the following criteria:

• Student needs to be first-time freshman enrolling at the University directly after high school.
• Student needs to be nominated by a teacher, counselor, or administrator from the high school they are currently enrolled in Nebraska in order to apply.
• Student must plan on matriculating on a full-time basis throughout the duration of the scholarship, of which 3 credit hours each term must be completed in-residence.
• Student will be required to successfully complete a number of additional programmatic pieces each term in order to maintain the scholarship.

Mascot Scholarship
Brutus Bruin is the ferocious, yet friendly mascot of Bellevue University. A key aspect of the mascot is to promote school spirit and provide a fun fan experience at home athletic events, campus activities, and through a variety of other events on and off campus. With the University’s rededication to residential students and residence student life, the mascot plays a role in further representing this portion of the student body by creating community, engagement, and fun.

The Mascot Scholarship is a 4-year renewable scholarship based on the following criteria:

• Student must be approximately 5'8" in height.
• Student must be physically able to manage extended periods of time in the suit (standing and actively moving around).
• Student must be outgoing, creative, and excited to promote school spirit.
• Experience in cheerleading, dance, gymnastics, martial arts, or mascoting preferred.
• Ideally the mascot should not be pursuing other collegiate athletics due to conflicts.
• Student must be a traditional, undergraduate student.

Financial Aid Policies

Class Participation Verification Policy
Prior to release of financial aid funds, the University must verify the student has participated in an academically related activity in each of the classes in which they are enrolled. Federal regulations define academic related activities as physically attending a class with direct interaction between the instructor and students, submitting an academic assignment, taking an exam, an interactive tutorial, participating in an online discussion about academic matters, etc. If participation cannot be verified, all Title IV funds (Pell Grants, student loans, and other grants or scholarships) will not be disbursed. If the student receives financial aid and does not continue participating in classes (family emergency, illness, etc.), the student needs to notify their Student Coach immediately.
the student fails to participate or the faculty member fails to provide participation information to the Registrar’s Office, the Financial Aid office will place the student’s financial aid on hold until participation is verified. If participation is not verified, Title IV funds will be cancelled and the student will not be eligible.

**Academic Transcripts**

All official academic transcripts from each institution previously attended need to be submitted to the Bellevue University Registrar so that formal evaluation can be completed and Financial Aid can award the student’s grade level correctly based on official transcripts. Failure to do so may result in a delay in awarding as well as change to non-degree status and termination of financial aid eligibility (see Degree Status below).

**Overlapping Enrollment**

When a student receives financial aid at more than one institution during the same academic period, an overlapping loan period may occur. In the case of overlapping loan periods, financial aid eligibility at the second institution may be affected by the amount of aid received at the first institution. If the student has an overlapping enrollment period (even one day), it can severely impact the student’s financial aid eligibility. The student should contact their Admissions Counselor or Student Coach with questions about overlapping enrollment periods.

**Degree Status**

To be eligible for financial aid at Bellevue University, the student must be degree-seeking.

**Computer Proficiency Tests and ELA/CLEP/DSST/NYU**

Foreign Language Proficiency credits do not count toward enrollment status for financial aid purposes. Enrollment status (full, 3/4, 1/2) determines eligibility for grant and loan money. Financial need is determined by subtracting expected family contribution plus other financial aid from cost of attendance. Cost of attendance is determined by enrollment status.

**Examples of Cost of Attendance**

The following are examples of cost of attendance budgets and are provided for information only (figures are rounded for these examples). These examples may not reflect the student’s individual case.

In this example, the student may have loan eligibility of $1,000.

* By federal definition, the student is an Independent Student if they meet at least one of the following:
  * are at least 24 years of age
  * are a veteran of the U.S. Armed Forces
  * are serving on active duty in the U.S. Armed Forces for purposes other than training
  * are enrolled in a graduate program
  * are married
• are a ward of the court/orphan
• have children who receive more than half of their support from the student
• have dependents (other than children or spouse) who live with the student and who receive more than half of their support from the student

Note: Loan amounts are determined by grade-level (freshman, sophomore, etc.).

Why is the Cost of Attendance Lower for Military Students?
Effective July 1, 2010, the Higher Education Opportunity Act (HEOA) implemented a change that affects military students. Specifically, the HEOA, section 471 HEA Section 472(3) states:

The HEOA specifies that, for students living in housing located on a military base or housing for which they receive a basic allowance under Title 37 of the U.S.C. - Pay and Allowances of the Uniformed Services, the room and board allowance shall include an allowance based on the expenses reasonably incurred for board only.

Because the housing allowance is not required to be reported on the FAFSA, the housing allowance must be excluded as part of the cost of attendance. (The cost of attendance is an estimate of a student’s educational expenses for the period of enrollment.) All monies awarded (including loans, grants, scholarships, and military tuition assistance) cannot exceed the estimated cost of attendance. Effectively, the removal of BAH or Basic Allowance for Housing lowers a student’s cost of attendance figure.

How can students, who are not receiving a military housing allowance, have cost of attendance adjusted?
Students must send a request to have cost of attendance reviewed for adjustment. The student must provide the reason they are no longer receiving a military housing allowance along with the written request. All requests should be sent to finaid@bellevue.edu

Loan Proration
Federal Direct Loan Program Loan Proration – Federal regulations require that when a student is enrolled in a program that is one academic year or more in length, but is in a remaining period of study that is shorter than a full academic year, the loan amount must be prorated.

Students who graduate in the middle of the academic year will have their Federal Direct Loans prorated during their final term of study. The loan limit proration determines the maximum loan amount that a student may borrow for the final term of study.

Calculating loan limits – The limit for the student’s grade level is multiplied by the following fraction to determine the prorated loan limit;
> Credit hours left in program / Credit hours in academic year

Borrower-Based Academic Year (BBAY) Versus Scheduled Academic Year (SAY)
Borrower-Based Academic Year (BBAY) – An academic year that is individualized for each Federal Stafford Loan Borrower. A borrower-based academic year may be used as an alternative to the scheduled academic year to determine the period during which a student borrower may receive no more than the annual loan limit applicable to the student’s grade level. A BBAY needs to consist of at least 30 weeks of instruction and 24 credits. All Grad and Undergrad Cohort students will be using BBAY.

Scheduled Academic Year (SAY) – A period of time that begins and ends at the same point during the calendar year during which a Federal Stafford Loan borrower may receive no more than the annual loan limit applicable to the student’s grade level. Our traditional terms will continue to use the SAY.

Which aid year will be associated to the BBAY?
If a BBAY starts after July 1, that BBAY will be awarded in the corresponding Financial Aid year.

How is Pell awarded?
Pell will be awarded per BBAY by the number of terms in the BBAY. For example, two term: 50% per term; three terms: 33% per term.

There will be awarded one Pell award per financial aid year. So if a BBAY student is awarded two loan BBAYs in one aid year, they will still need to reapply for 2nd Pell award with next year’s FAFSA.

How is NOG/SEOG awarded?
NOG & SEOG will follow the Pell rules.

What happens if a student goes from a cohort program to a traditional term?
If 30 weeks has elapsed from the start of the students BBAY, they will have full loan eligibility for the SAY. If 30 weeks has not elapsed then their loans will be awarded up to the annual aggregate limits for the remaining SAY.

Pell would be awarded for any aid year eligibility left.

What happens if a student goes from traditional term to a cohort program?
If 30 weeks has elapsed from the start of the traditional term start (loan period for award), they will have full loan eligibility for the BBAY. If 30 weeks has not elapsed then their loans will be awarded up to the annual aggregate limits for the remaining BBAY. The additional BBAY will have full eligibility for that BBAY.

Pell would be awarded for any aid-year eligibility left.

Co-Enrolled and Consortium Students
Federal financial aid regulations stipulate that the student cannot receive aid at more than one institution for any
given period of enrollment (such as a quarter or semester). The student may receive financial aid at Bellevue University while also taking classes at another regionally accredited post-secondary school. Bellevue University must have a consortium agreement with the other school and the classes must count toward the student’s degree requirements at Bellevue University.

In order to complete this process the student will need to complete the Co-Enrollment/Consortium Forms: [http://www.bellevue.edu/admissions-tuition/financing-options/pdfs/consort-release.pdf](http://www.bellevue.edu/admissions-tuition/financing-options/pdfs/consort-release.pdf). The student will also need to complete the Certificate for Student to Enroll at Other Institution, Financial Aid Release Form, and submit an official copy of their registration/enrollment from the non-funding Institution. The student’s enrollment at Bellevue University and the non-funding Institution are compiled together to determine the student’s enrollment status and financial aid eligibility. It is the student’s responsibility to resolve their balance at both institutions. Bellevue University will not pay any of the student’s financial aid directly to the other Institution.

If the student will be co-enrolling, the student must plan ahead and complete all necessary paperwork in a timely manner in order to receive their financial aid. Because of the additional paperwork involved when the student co-enrolls, the student may experience a slight delay in receiving their aid each term.

**Verification**

This is the process where Bellevue University validates the data reported on the student’s FAFSA. Bellevue University has the authority to contact the student for documentation that supports income and other information that the student reported. The student could be selected by The U.S. Department of Education or by the Bellevue University student reported. The student could be selected by the Bellevue University Financial Aid office at any time, for verification based upon the information the student has provided. Bellevue University is required to make sure that all aid is awarded to students according to federal, state, and institutional regulations. If selected, the verification process must be completed before financial aid can be awarded and disbursed.

The documents that Bellevue University accepts to verify the student’s tax information has changed based on policy changes from the U.S. Department of Education. Either a tax transcript from the IRS or the FAFSA filed using the IRS Data Retrieval Tool are the only two ways to verify tax data. It is strongly recommended that the IRS Data Retrieval Tool be used to download the student’s tax information onto the student’s FAFSA. If the student has filed their taxes with the IRS, they should log into their FAFSA at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) and make a correction to use the IRS Data Retrieval Tool to update their tax information. If they do not, or cannot use the IRS Data Retrieval Tool, the student will be required to obtain a tax transcript from the IRS and submit it to the Financial Aid office. Personal copies of tax returns can no longer be accepted.

The fastest way to request Tax Transcripts is either by phone or online. Be sure to request a Tax Transcript. DO NOT request a Tax Account Transcript or Record of Account.

**Ordering a Tax Transcript by Phone:**
Call the IRS at 1-800-829-1040, then select a prompt:
- Option 2 (Personal Income Taxes)
- Option 1 (Tax History)
- Option 2 (Tax Return Transcript)
- Enter and verify Social Security number (if joint return both SSN’s required)
- Enter and verify number of street address
- Press 2 for Tax Transcript and indicate which year

**Ordering a Tax Transcript Online:**
Go to [www.irs.gov](http://www.irs.gov), then select the following:
- Click “Order a Tax Return or Account Transcript” located in the left-hand column
- Click “Order a Transcript” under Step 3
- The student should enter their SSN, Date of Birth, Street Address, and Zip Code (Be sure to use the address currently on file with the IRS; generally this is the address listed on the latest tax return filed; however, if an address change has been completed through the U.S. Postal Service, the IRS may have updated the address on file.)
- Click Continue
- In the TYPE OF TRANSCRIPT field, select “Return Transcript” and in the TAX YEAR field, select the appropriate year (i.e., 2013)
- Click Continue

If successfully validated, tax filers can expect to receive a paper IRS Tax Return Transcript at the address that was used in their telephone request—within 5 to 10 days from the time the IRS received the request.

**Book Waiver**

A book waiver allows eligible students to purchase all or a portion of their books from the Bellevue University Bookstore using their excess financial aid funds. The amount spent is then added to the student’s tuition account to be paid for when their aid is disbursed to their student account.

Students must have their financial aid award complete. If their combined Federal Direct Student Loans, Pell, SEOG, and Nebraska Opportunity Grants exceed the cost of their tuition and fees, they may qualify for a Book Waiver to help with the cost of books.

The maximum total allowable waiver is $600 each term, or the total of their excess funds, whichever is less. Book waiver amounts are subject to change due to changes in enrollment, academic standing, or status.
If the Student or the Parent have an adverse credit history, but qualify for a complete the PLUS loan entrance interview.

The loan is paid back over the course of up to 10 years.

This loan is credit-based. Repayment begins 60 days from the date the loan is fully disbursed. The loan is paid back over the course of up to 10 years.

The student may be eligible for a Pell Grant if:
- the student is an undergraduate student and has not received a bachelor’s or professional degree, or the student is in a postgraduate teaching certificate program
- the student is a U.S. citizen or eligible noncitizen
- the student has a valid Social Security number

Bellevue University participates in a passive confirmation process in regards to Student Financial Aid. This means that Bellevue University will accept Student Loans that a student is eligible on their behalf. It is the student’s responsibility to review their award eligibility and if the student wished to decline all or a portion of their loans, the student will need to contact the Financial Aid office at finaid@bellevue.edu with their request. Students will also need to read their entire Award Notification to ensure that they are aware of all the policies regarding their Financial Aid. Students also need to complete a Direct Loan Master Promissory Note (and PLUS loan Master Promissory Note if applicable) along with Direct Loan Entrance Counseling (and PLUS Loan Counseling if applicable) in order to be eligible for disbursement of the loan funds.

Loans

Federal Subsidized Direct Loan – A low interest, need-based federal loan that is not credit-based. The federal government pays the interest on the loan while the student is enrolled in school and during the six-month grace period. Repayment on the loan begins six months after the date the student ceases at least half-time enrollment. The loan may be paid back over the course of up to 10 years.

Federal Unsubsidized Direct Loan – A low interest, non-need based federal loan that is not credit-based. The student has the option to defer payment on the loan and interest while enrolled in school; however, interest accrues while the student is in school. The loan may be paid back over the course of up to 10 years.

Federal Direct Parent PLUS Loan – A low-interest, non-need based federal loan made to a dependent student’s parent. This loan is credit-based. Repayment begins 60 days from the date the loan is fully disbursed. The loan is paid back over the course of up to 10 years.

Federal Direct Graduate PLUS Loan – A low-interest, non-need based federal loan made to a graduate student. This loan is credit-based. If a student accepts a Graduate PLUS loan, a credit check is completed by the U.S. Department of Education to determine eligibility. Students will also need to complete a PLUS loan Master Promissory Note and PLUS Entrance Interview. Repayment begins 60 days from the date the loan is fully disbursed. The loan is paid back over the course of up to 10 years. Students need to complete the PLUS loan entrance interview.

* If the Student or the Parent have an adverse credit history, but qualify for a Direct PLUS Loan by documenting extenuating circumstances or obtaining an endorser, they will need to complete additional Loan Counseling provided by the U.S. Department of Education.

Award Acceptance

Direct Subsidized Loan

150% Loan Limit Rule

As of July 1, 2013, any first-time borrower, (which is defined as someone who has no outstanding balance on a FFELP or Direct Loan when receiving a Direct Loan on or after July 1, 2013), will only be able to obtain federal Direct Subsidized loans for a maximum of 150% of the published program length in which they are enrolled. Additionally, the subsidized loans that had been borrowed up to the 150% point will lose further government subsidy and interest will become the student’s responsibility. If they do not graduate by the 150% point (and continue to be enrolled in the same or a shorter undergraduate program), from that point forward, these subsidized loans will become unsubsidized loans.

Here are a few facts that students need to know:
- Students may receive Direct Subsidized loans for no more than 150% of the length of the current academic program. For example, a student enrolled in a two-year program will have three years’ worth of subsidized loan eligibility and a student enrolled in a four-year program will have six years’ worth of subsidized loan eligibility.
- Once a student reaches the 150% mark in a particular program, their future subsidized loan eligibility in that program will end. They may, however, be eligible for unsubsidized loans.
- A student who reaches the 150% limitation will have their interest subsidy end for all outstanding subsidized loans if the student does not graduate and continues to be enrolled in the same or a shorter undergraduate program. Repayment does not begin, but like unsubsidized loans, the student (rather than the government) would become responsible for interest that accrues from this point forward.
- Unlike other measures in determining continued aid eligibility, this provision is not affected by the total dollar amount borrowed. Any and all periods of subsidized loan borrowing will count against the 150% time limit.
- This policy is in addition to, and not in place of, the lifetime aggregate loan limits that are currently in place.

Pell Grants

Pell Grants are federal student financial aid grants that do not have to be repaid. The grants are for low-income college students and are awarded based on financial need. Every student who is eligible for a Pell Grant will get one. Pell Grant funds must be used to pay for education expenses.

The student may be eligible for a Pell Grant if:
- the student is an undergraduate student and has not received a bachelor’s or professional degree, or the student is in a postgraduate teaching certificate program
- the student is a U.S. citizen or eligible noncitizen
- the student has a valid Social Security number
• the student has registered with the Selective Service if they are a male between the ages of 18 and 25
• the student has a high school diploma or GED or recognized equivalent
• the student has financial need
• the student makes satisfactory academic progress once enrolled
• the student has not defaulted on a federal student loan or owe repayment of a federal student aid grant

Funding for Pell Grants is not limited. All eligible students get a grant.

If a student is convicted under federal or state law for the sale or possession of drugs while they are receiving a Pell Grant or other federal student aid, they may become ineligible for federal aid and their grant may be suspended.

Financial need for Pell Grants is calculated by comparing the student’s Expected Financial Contribution to the Cost of Attendance (tuition, fees, room and board, books, etc.).

The Expected Family Contribution (EFC) is the amount that the U.S. Department of Education calculates that the student’s family is able to pay toward the student’s college expenses. The EFC is based on the information that the student reports about their family’s financial resources and expenses.

To apply for a Pell Grant, the student must complete the Free Application for Federal Student Aid (FAFSA). Pell Grants are awarded for one financial aid year at a time. The student must reapply each year by filing a new FAFSA.

Pell Lifetime Eligibility

In December, 2011, President Obama signed into law the consolidated Appropriations Act, 2012 (Public Law 112-74). This law has significantly impacted the Federal Pell Grant Program.

Beginning in fall, 2012, students are now limited to 12 semesters (or 600%) of Federal Pell Grant eligibility during their lifetime. This change affects all students regardless of when or where they received their first Federal Pell Grant.

If the student has attended college for 4 years or longer and received the Federal Pell Grant each semester of attendance, the student is likely to exhaust or have already exhausted their lifetime limit of 12 semesters of Federal Pell Grant eligibility during the 2012-2013 school year.

If the student has attended college for 3 years or less and received the Federal Pell Grant each semester of attendance, they will likely not surpass the lifetime limit during the 2012-2013 school year.

The percentages are based off of the annual award at full-time enrollment status.

For example:
• A student attending in the academic year 2011-2012 at full time status and receiving their maximum annual award, the percentage used for 2011-2012 is 100%.

• If the student attends only 9 credits (3/4 time) for each semester, the percentage used is 75%.

• If the student attends only 6 credits (1/2 time) for each semester, the percentage used is 50%.

The student will be notified by the U.S. Department of Education via email if they appear to be Federal Pell Grant eligible and have reported Federal Pell Grant disbursements that are in excess of 450% of their Federal Pell Grant lifetime eligibility.

Tracking Lifetime Eligibility Used on NSLDS

The student can find their Lifetime Eligibility Used for the Federal Pell Grant by going to www.nslds.ed.gov/nsls_SA/ and creating a student account. NSLDS, the National Student Loan Data System, tracks the student’s lifetime Pell Grants, loan usage, and overpayment status. If the student has loans, they may also view how much they owe and to whom.

The National Student Loan Data System (NSLDS)

Step 1 – Obtain a Personal Identification Number (PIN) from the U.S. Department of Education. The student’s PIN serves as their electronic signature and provides access to their personal records with the U.S. Department of Education systems. The student can request a PIN via the U.S. Department of Education’s PIN Web site at www.pin.ed.gov.

Step 3 – Read the privacy statement. To agree, click Accept to find the Lifetime Eligibility Used. A security configuration question may or may not prompt depending on the student’s browser security configuration. If the student is comfortable with their browser’s current security configuration, they should click Accept to continue. The Confirming Your Identity screen will appear after the student clicks Accept.

Step 4 – Enter the student’s Social Security Number (SSN), the first two letters of their last name, their date of birth, and their PIN to confirm the student’s identity.

Step 5 – View the Financial Aid Review screen listing the student’s total Lifetime Eligibility Used.

For additional information on Pell Grant Lifetime Eligibility contact - Federal Student Aid Information Center (FSAIC) 1-800-4-FED-AID (1-800-433-3243).

Entrance Counseling

This counseling defines what a Direct Loan is and how the loan process works, helps the student in managing their educational expenses, lets the student know of other financial resources to consider to help pay for their education, and lets the student know their rights and responsibilities as a borrower.
All students taking out Direct Subsidized Loans or Direct Unsubsidized Loans are required to complete entrance counseling.

Graduate students taking out Direct PLUS Loans: If the student has not previously received a PLUS loan under the Direct Loan Program or the FFEL Program, they’ll be required to complete entrance counseling—even if they previously completed it for a subsidized or unsubsidized loan.

Entrance Counseling is available online at studentloans.gov or in person.

Student Loan Disbursement
Federal regulations require student loans to be disbursed equally throughout the student’s enrollment period and that disbursements are made per term. Disbursement dates are determined by the program or term in which the student is enrolled.

Disbursement dates are approximately two weeks after the beginning of each semester to allow time for class participation verification. Contact Bruin Support Services or refer to BRUIN for more information on specific dates. The student will be notified in writing when student loan money arrives. In accordance with the Family Education Rights and Privacy Act (FERPA), information regarding arrival of loan proceeds are not discussed over the phone.

Withdrawing or Dropping Classes
The student may find it necessary to withdraw/drop from the University before the end of a term. If the student drops a class or totally withdraws, they may cease to be eligible for financial aid or for a refund. A portion of the financial aid may have to be recovered and refunded (sent back) to the appropriate federal program. Federal regulations may require the student to repay part or all of the grant money they were given under the return of Title IV funds rule. The student is encouraged to seek solutions to academic problems by utilizing the advising resources available through the Office of Student Affairs.

When considering withdrawal from the University, the student should consult with their instructors and Student Coach first to determine if this is the best course of action.

Withdrawals could impact their student account, financial aid, tuition assistance, and veteran benefit status. The student’s withdrawal date is the date they began the institution’s withdrawal process or officially notify the institution of their intent to withdraw; or their last date of attendance at a documented academically-related activity. See the Academic Information Section for more information.

Official Withdrawals
(See Withdrawing or Dropping Classes section above.)

When the student officially withdraws from all classes for the term, the Financial Aid Office will perform three steps in calculating how much of their Federal Financial Aid must be returned to the U.S. Department of Education or a student loan lender. This process is not related to the institutional refund policy that may be in effect at the time of the student’s withdrawal.

Step 1 – Bellevue University determines how much aid the student is entitled to, or has “earned” by attending classes. The date that the student starts the withdrawal process and drops all classes is the official withdrawal date, and will be used to calculate the percentage of time they were enrolled in the term and how much aid they are entitled to receive. The calculation used for this policy will use the total number of calendar days the student attended divided by the total number of calendar days of the enrollment period (minus authorized breaks of five days or more). The amount of aid includes funds actually disbursed plus those funds authorized but not disbursed at the time the student withdrew.

Step 2 – Determine how much of the federal aid must be returned. The earned percentage is subtracted from 100% and determines the “unearned” amount of federal aid. This percentage called “earned aid” shall be subtracted from 100%, and the results called “unearned aid” shall be used to determine the amount of Title IV money that Bellevue University must return from institutional costs to the Title IV programs. Institutional costs are defined as charges that Bellevue University assesses the student for education expenses that are paid to the University directly. The following education expenses are considered institutional costs: tuition, lab fees, and book charges. If the student drops after the 60% point in the enrollment period, the percentage of Title IV funds earned is 100%. A Return to Title IV calculation will be completed but no Title IV funds are required to be returned. Prior to the 60% point, Bellevue University must determine the percentage of Title IV funds earned. Bellevue University shall return the unearned amount of aid to all aid programs in a timely manner and in a specified order.

Step 3 – Determine who must return the unearned aid. This could be the University, the student, or, in some cases, both the University and the student. The unearned percentage also is used to determine, if necessary, how much the University must return of the federal funds it received as payment for tuition, fees, and bookstore charges. In the case where the student receives Title IV funds greater than the “earned aid” amount, the student may be subject to a return of some of the funds.

There are special rules for the return of money that the student has received:

Loan proceeds – The student (or their parent, in the case of PLUS loan), repays the proceeds according to the terms of the promissory note.

Federal grants ( Pell/SEOG) – Fifty percent of the amount due in the return calculation is expected to be returned to the appropriate grant program. The student needs to repay these funds to Bellevue University within 45 days of
Exit Counseling is available online at studentloans.gov or in person.

For questions on student loans contact the lender, servicer, or guarantee agency. For serious problems or unresolved disputes, contact the U.S. Department of Education Student Loan Ombudsman at 877-557-2575 or studentaid.ed.gov.

Satisfactory Academic Progress (SAP)
As cost of education rises and schools receive fewer financial aid dollars, it becomes imperative that those dollars go to students meeting the requirements of the financial aid standards of progress policy. The following financial aid satisfactory academic progress policy is in effect at Bellevue University.

The Federal Title IV Programs governed by this policy include: Federal Pell Grant, Federal Supplemental Opportunity Grant (FSEOG), Federal Work Study (FWS), Federal Stafford (Subsidized and Unsubsidized) Loans, and the PLUS Loans. The state grant program governed by this policy is the Nebraska Opportunity Grant (NOG). Students also need to be meeting satisfactory academic progress if receiving alternative/private loans.

In order to receive Title IV funds, the student must be making satisfactory progress in his or her course of study according to Bellevue University’s Satisfactory Progress Policy. Satisfactory progress is defined as an effective measure of evidence of positive movement toward a student’s degree or credential. This measurement has three components:

1. Qualitative Component
The student must meet minimum standards for quality work (GPA). For example:
   - **Undergraduate**: A student must maintain a 2.0 GPA or better to meet minimum standards.
   - **Graduate**: A student in a graduate program must maintain a 3.0 GPA or better to meet minimum standards.

2. Pace Component
The student must produce a sufficient quantity of credit hours to ensure completion within the maximum timeframe. On a cumulative basis, a student must successfully complete two-thirds of the credit hours attempted each term. Hours attempted are those for which a student is registered as of the start date of any session, plus hours added during late registration. Hours dropped or audited after the start date of a session will be counted as “hours attempted” whether or not financial aid was received for those hours.

3. Maximum Time-Frame Component
Students at Bellevue University are required to complete their degree in a maximum time frame. The calculation includes transfer credits from previous Colleges and Universities.

   - **Undergraduate programs** – The completion of these undergraduate programs will take no longer than six years of full-time attendance. A 1/2 time student will take no longer than twelve years to complete an undergraduate
program. An explanation will be required of students who exceed 144 semester hours (six years x 24 credit hours = 144 credit hours).

Graduate programs – The completion of these programs will take no longer than three years of full-time attendance. These standards apply to all periods of enrollment including those in which financial aid was neither applied for nor received. These standards must be met for the student to be eligible for any of the Federal Title IV Student Aid Programs. Students who do not meet minimum requirements will be suspended from receiving consideration for financial aid. The Financial Aid office uses warning, probation, and suspension statuses. While every student situation is unique, and appeal outcomes are determined on a case-by-case basis, the Financial Aid office uses the following guidelines when reviewing satisfactory academic progress. These guidelines are followed for both graduate and undergraduate students.

First offense – Warning – Written notice
A Financial Aid warning lasts one term, during which time the student can still receive Title IV funds.

Second offense – Probation – Appeal needed
If the student is already on warning and fails SAP again, the student will need to submit an appeal and they may be placed on probation. Financial Aid probation lasts one term, during which time the student can still receive Title IV funds, but they will be limited.

Third offense – Suspension – Appeal needed
If the student is already on probation and fails SAP, they will be placed on Financial Aid suspension. Once the student is placed on suspension, they will no longer be eligible for financial aid until their cumulative GPA meets standards.

Procedures for Appeals
Any student who needs to appeal will be required to submit, in writing, an explanation of the mitigating circumstances to the Financial Aid Appeal Committee, and will be sent an appeal request via email. The student should address the Financial Aid Appeal Committee in writing, stating the reason(s) for failure to make satisfactory progress. The student should also provide any documentation that verifies why the student was not successful in his/her classes, and provide an explanation of how they plan to demonstrate SAP for their next period of enrollment. If the Financial Aid Appeal Committee determines that mitigating circumstances exist, they will reinstate the student’s financial aid and inform the student of any restrictions via email.

The Financial Aid Appeal Committee will be comprised of three Financial Aid individuals at the discretion of the Director of Financial Aid.

Incompletes, Withdrawals, Repetitions, and Audits
Incompletes (I) – This is not a final grade. The financial aid office considers the grade of “I” as a temporary grade in which the student and faculty member have contracted for some ending documentation to have the temporary grade changed to a permanent grade. The “I” grade will change to an “IF” if this work is not completed within the allotted time frame.

Official Withdrawals (W, WP, WC) – These hours will be counted toward the two-third’s completion rate for the year. No after-the-fact financial aid will be paid for classes in which a grade of W, WP, or WC is assigned. Financial aid will be denied to students who repeatedly drop courses or withdraw from the University.

Repetitions – Financial aid will be paid for classes a student chooses to repeat, as long as the student previously failed the course and the course counts toward completion of the degree program. It may be academically sound for a student to repeat certain classes to raise his or her GPA to acceptable standards, but financial aid will only pay for a class that has been previously passed once. (For a graduate student, a previously passed class is counted as anything that the student receives a D- or above in.)

Audits (AU) – No financial aid will be given for classes taken in this status. No credit is earned toward completion of degree requirements; therefore, the student is not eligible for any financial aid.

Students that have met degree requirements but choose not to apply for graduation will be denied further Federal Title IV financial aid.

Procedures for Satisfactory Academic Progress Review:
The Financial Aid Office will adhere to the guidelines for checking SAP:

- For all students, the qualitative component is checked prior to disbursement of each term.
- For all students, the pace component is checked prior to disbursement each term.
- SAP is also checked on students that are manually packaged.
- At the beginning of the new aid year, the Financial Aid office will run a query to identify any student who had an outstanding appeal checklist item from the previous aid year. This will ensure that any student who has not yet completed an appeal for the previous aid year will not be awarded or disbursed any aid until they complete the appeal.
Deferment
A deferment allows the student to postpone loan repayment. The federal government pays the interest charges during the deferment period on subsidized loans. The student is responsible for the interest accrued during deferment on unsubsidized loans. The student may delay paying interest charges by capitalizing the interest, thereby increasing the loan amount. Most federal loan programs allow the student to defer loans while attending school a minimum of half time. Deferrals of principal and interest also are available for service under the Peace Corps Act, service under the Domestic Volunteer Service Act of 1973, or comparable service as a volunteer for a tax-exempt organization of demonstrated effectiveness in the field of community service (deferment forms are available from the lender, servicer, guarantee agency, or the Financial Aid Office). Deferment is not permitted for loans in default.

If the student wishes to defer their loans, contact the lender(s) on the steps to complete that process as each lender is different. If the student has in-school deferment loan paperwork to complete, send the request to the Registrar’s office to complete.

Forbearance
Forbearance is the temporary postponement or reduction of student loan repayment while interest charges continue to accrue, even on subsidized loans. The student must pay the interest charges during the forbearance period. Forbearances are granted at the lender’s discretion, usually in cases of extreme financial hardship or other unusual circumstances when the student does not qualify for a deferment. Forbearance is not permitted for loans in default.

Study Abroad
Students should contact the Financial Aid Office if they intend to study abroad. The student will be required to provide the Financial Aid Office with documentation of their application for admission and acceptance to their choice of study abroad program. This documentation will indicate class(es) to be taken, enrollment period, and relevant cost for the program. The student will provide the Course Pre-Approval form signed by the appropriate personnel indicating that their study abroad classes will transfer to Bellevue University toward their degree completion. Course Pre-Approval forms can be obtained from the Study Abroad Office. The student will complete a Certificate for Dual Enrolled Students and submit it to the Financial Aid Office.

Student Financial Aid will prepare a consortium agreement as the home institution with the visiting institution for the purposes of eligibility for Title IV Federal Aid. The student will make arrangements with Student Finance to have the financial aid applied to their account and any credit balances mailed to an address of their choice.

Prior Learning Assessment (PLA)
Prior Learning Assessment (PLA) is a process that enables students to earn college-level credit for learning achieved at another institution (transfer credits), testing, or through work, outside activities, and life experiences (ELA – Experiential Life Assessment).

Bellevue University has a long tradition of providing opportunities for students to earn credit for prior learning. To do so, we assist students in three primary ways:

Transfer Credits – applied through the Office of the Registrar
Testing – administered through the University Test Center
Experiential Learning Assessment – administered through successful completion of the “Discovering Your Value: Turning Your Experience into College Credit” MOOC (go to: http://www.bellevue.edu/ways-to-learn/open-online-courses/experiential-learning-assessment for more information and creating your personal learning portfolio). Please email ela@bellevue.edu for more information.

Credit granted through PLA will not apply toward the residency requirement, nor will credits be computed into the Bellevue University GPA.

The Registrar, in accordance with University policy, will determine whether such awarded credits satisfy major, core, or general elective requirements toward a bachelor’s degree. Please visit bellevue.edu or email ela@bellevue.edu for more information.

Courses, Degrees, and Programs

Undergraduate Degree Requirements

Undergraduate Degrees
• Bachelor of Arts (BA)
• Bachelor of Applied Science (BAS)
• Bachelor of Business Administration (BBA)
• Bachelor of Science (BS)

All degree programs are designed to provide both breadth and depth in academic experience. The length of time to complete a bachelor’s degree for most students attending full-time, each term, from start to finish is four years. This time could decrease based on the number of transfer credits accepted and number of courses taken each term. Degree requirements include General Education Core, major requirements, and electives. Students are required to complete the General Education Core providing background and foundation knowledge to build academic excellence and career flexibility. In addition to the General Education Core, students will complete a major in at least one academic area. Courses taken in a major area may also meet the General Education Core requirements. Elective courses are taken to satisfy the credit hour requirement of the degree once the General Education Core and major requirements are fulfilled. It is highly recommended that students complete as many of the General Education Core courses as possible during their freshman and sophomore years. This will provide the student with the foundation needed to be successful in their upper-level courses.

Undergraduate Students Taking Graduate Courses

Undergraduate students in their senior year, with a 3.0 or better cumulative GPA, and a minimum of 30 hours in residence may be allowed to enroll in select graduate courses. This coursework may be used to satisfy undergraduate degree requirements. Contact Academic Advising for more information.

Non-Degree Seeking Status

To transfer credits from Bellevue University to another institution, for personal or career enhancement, the student may enroll as a non-degree seeking student.

Bachelor’s Degree Requirements

To earn a bachelor’s degree, the student is required to:

Note: 1. Select Bachelor of Science majors require a minimum of 120 credit hours.
2. The BBA in Business requires all major courses to be completed with a C– or higher.
3. The Business Administration and Accounting majors require 21 upper level credit hours completed in residence.
4. Resident credit hours are credits earned at Bellevue University in either Online or In-Class delivery formats.
To change status from a “non-degree-seeking” to “degree-seeking”, complete a degree-seeking application with the Enrollment Management Department. The student will be subject to the requirements for graduation contained in the catalog in effect at the time the student became “degree-seeking.” If evaluation and review of the student’s credentials indicates that they have misrepresented themselves, the student’s admission, registration, and degree status may be invalidated.

**Academic Credit Evaluation**

The Registrar Office conducts initial evaluations of the student’s academic records, to ensure all required academic documentation is on file, and to apply transfer credit to Bellevue University degree programs in accordance with established policies. Complete reevaluations of these records are conducted only when the student changes degree programs, majors, and/or when the student changes University catalogs. A final audit of the student’s academic records is conducted by the Registrar Office. The Registrar Office’s audit ensures all required academic documentation is on file, and all degree requirements are completed prior to the student receiving their Bellevue University diploma.

**Undergraduate Degree Residence Requirements**

Residency in the State of Nebraska is not required. The only residence requirements relate to courses taken through Bellevue University.

To earn a degree, a student is required to have at least 30 credit hours of in-residence courses at Bellevue University, including a minimum of 12 hours in upper-level (300-400) courses in their major area (21 hours for Accounting and Business Administration majors). Online and in-class courses count toward residence hours; PLA credits, transfer hours, or credits earned through testing do not count toward residence.

**Second Bachelor’s Degree**

Those seeking a second bachelor’s degree need to meet the following requirements:
1. Complete all requirements of the first bachelor’s degree.
2. Apply for and receive the first bachelor’s degree.
3. Complete an additional 30 credit hours in residence, earned after conferral of their first degree. Complete all GPA, major, and other academic and procedural requirements in effect at the time of enrollment in a second bachelor’s degree program. Two degrees of any type may not be awarded simultaneously.

**Declaring a Major**

Each candidate for graduation must select a major. It is strongly recommended that this selection be made by the end of the sophomore year. A decision will facilitate Academic Advising for the junior and senior year programs. The student should officially declare a major field of concentration by the time they have completed 60 credit hours.

**Majors are classified in two ways:**

**Single** – To major in a single area of study, the student is required to complete all the courses specified by that area in addition to the General Degree Requirements.

**Multiple** – To earn a degree with a major field of concentration in more than one area of study, the student will need to fulfill the General Degree Requirements and the requirements of each major field selected. The student’s permanent records will reflect each major area.

**Minors**

A minor is a recognized group of courses in a specific discipline that enhances general learning, enriches educational focus, and complements the student’s major. Selection of a minor is not a requirement for graduation. Please consult with a Student Coach about minor selection.

A student may declare a minor any time after they have submitted the admission application. Minors typically require between 18 and 27 credit hours to complete. A minimum GPA of 2.5, nine upper-division credit hours, and three courses (9 credit hours) in residence at Bellevue University (excluding the business minor) are required. Upper-level courses need to represent six of the residence credit hours.

**Emphases**

At the undergraduate level, emphases provide an area of focus and a choice of options for more in-depth study within a bachelor’s degree program. Emphases are generally 9 to 15 credit hours (less than the requirements of a minor) and are designed to provide the student with choices in a disciplinary area of interest. The student should consult with their Student Coach to effectively design a degree plan that integrates one or more emphases in their degree program.

**Certificates of Completion**

Certificates of completion are awarded for a set of courses that define a specialization that is generally recognized in the workplace. A certificate of completion is not an academic award, but rather, recognition of the student’s learning in a content domain. A student may declare a certificate of completion any time after they submitted an application for admission. The courses will be included on their transcript, and upon request, on a printed certificate of completion.

**Secondary Education Program**

Bellevue University offers several academic programs that provide students the opportunity to certify in Secondary Education. This is not an academic major but a certification endorsement in a Secondary Education subject or field.
Students who wish to obtain Initial Certification in order to teach any of the subject or field endorsements must complete the requirements of the Academic Major plus the Professional Education course sequence. To be fully accepted into the Teacher Education Program, candidates must have met minimum standards of progress and minimum cumulative GPA requirements. Complete details regarding admission to the program and other guidelines for progression through the program can be found on the University’s website.

There may be additional elective credits required.

Bachelor’s Degrees – A student with a bachelor’s degree may enter a second bachelor’s degree program at Bellevue University and have no separate General Education Core Curriculum or Kirkpatrick Signature Series requirements to meet.

Note: For those pursuing select BBA degrees as a second bachelor’s degree-BBA degree programs are required to be taken in their entirety. Select duplicate courses taken previously at Bellevue University may satisfy certain BBA degree requirements.

Modes and Methods of Earning Credit

Formats

Traditional – Traditional programs are offered in a format following the conventional Fall, Winter, Spring, and Summer terms. In a traditional format the student is required to register for classes prior to the start of each term.

Cohort – A cohort is a group that works together to complete a degree; students complete each of their courses with the individuals in their cohort. All accelerated and some non-accelerated programs are offered in the cohort-based format.

Accelerated – The accelerated programs are offered in the cohort-based format that emphasizes applied, active learning. Requirements allow flexibility in sources of learning and specific coursework. This allows the student to tailor their bachelor’s education, taking into account personal career or life goals, time or schedule constraints, and credits previously earned.

Note: Programs are offered in-class and online.

Course Delivery Format

The following are course delivery formats offered by Bellevue University:

Face-to-face – at a Bellevue University campus, satellite or outreach centers, corporate locations, or other college sites.

Online – via the University’s online learning platform.

Blended – combining face-to-face and online modes.

Other options for earning credit are described below.
Application of Transfer Credit and Credit for Post-traditional Learning

A student may earn academic credit for learning acquired through sources other than college classes and/or be granted credit for college-level learning acquired outside of a regionally accredited college setting. Assessment of such learning will be conducted or validated by Bellevue University based on the standards promulgated by nationally recognized educational agencies such as the American Council on Education (ACE), the Council of Adult and Experiential Learning (CAEL), the Higher Learning Commission, and the Council for Higher Education Accreditation (CHEA).

A student may earn credits toward General Education Core Curriculum, majors, and electives through:

Please visit the Test Center for a complete list of available languages and additional details about this test.

Note: French, German, and Spanish are only available as CLEP tests.

Prior Learning Assessment (PLA)

Prior Learning Assessment (PLA) is a directed method that enables students to earn credit for college-level learning through work, outside activities, and life experiences. Credit granted for post-traditional learning will not apply toward the residency requirement, nor will credits be computed into the Bellevue University GPA. This learning can be evaluated for credit through testing or Prior Learning Assessment.

Credit for Prior Learning

Bellevue University has a long tradition of providing opportunities for students to earn credit for their prior learning. To do so, we assist students in three primary ways:

Transfer Credits – applied via the Office of the Registrar.
Testing – administered through the University Test Center.
Experiential Learning Assessment – administered through successful completion of “Discovering Your Value: Turning Your Experience Into College Credit” MOOC. For more information and creating your personal learning portfolio, Please email ela@bellevue.edu.

Credit granted through PLA will not apply toward the residency requirement nor will credits be computed in the Bellevue University GPA.

The Registrar, in accordance with University policy, will determine whether such awarded credits satisfy major, core, or general elective requirements toward a bachelor’s degree. Please visit bellevue.edu or email ela@bellevue.edu for more information.

Independent Study

Courses regularly scheduled during normal matriculation usually will not be approved for Independent Study. Under the Independent Study option, the student must obtain permission to register for up to a maximum of 18 undergraduate credit hours (or 6 graduate credit hours) through special arrangement with the Dean’s Office of the sponsoring college. This option allows the student to contract (under certain circumstances) to take Bellevue University courses on an individual basis if approved. The student is required to register prior to the last day for late registration. The Dean of the sponsoring college must approve any other procedure.

Topics Courses

Some areas of study have an experimental course labeled “Topics” for use in exploring a particular area of interest in the form of a directed reading, practicum, internship, thesis, or other independently arranged course not otherwise
offered at Bellevue University. Courses are identified by
the selected area of study (CA, BA, etc.), followed by
the number 399 or 499. Course titles are formatted as
“Topics in (area of study).” Each course is assigned its own
unique designation. The student selects course content in
conjunction with the sponsoring college Dean if offered as
Independent Study, or by a full-time faculty member planning
an experimental course if offered as a class. A brief syllabus
or course outline must be approved by the appropriate
college Dean, and forwarded to the Registrar for inclusion
in the University’s master schedule. A topics course may be
offered two times under the conditions of this policy. Should
the course be requested for a third time, it must be approved
by the Executive Vice President for University and Academic
Affairs and it must follow the established procedures for
adding a new course on a permanent basis to the University
curriculum/catalog.

**Course Clusters**

Course clusters offer an intensive, interdisciplinary
examination of a particular subject from interlocking
perspectives or an integrated view of a particular time
in history from literary, social, historical, or other relevant
perspectives. The goal of a course cluster is to link these
perspectives holistically to encourage real world thinking
about complex topics, and to broaden the student’s
comprehensive knowledge of the chosen content area or the
historical significance of events and developments. Course
clusters also may include a skills-based and an application
course that, offered together, provide a more meaningful
learning experience. Course clusters are 9 credit hours and
are used to meet general education and elective course
requirements.

**Online Courses and Programs**

The University has developed an award-winning online
learning environment that:

- provides a highly interactive learning experience
- utilizes assessment technology with feedback from
  students and instructors
- integrates applied concepts in the learning process
- sets and monitors participation levels for the student and
  their instructors
- treats the classroom as a dynamic, resource-rich
  environment that takes the student beyond the limits of
  traditional classroom walls to become an information-age
  learner

By using the easy-to-follow links, the student can:

- attend class
- meet with fellow students
- discuss lessons with instructors
- complete assignments
- conduct research

Online classroom access is available 24 hours a day, seven
days a week* from almost anywhere there is an internet
connection**. Online courses count toward the 30-credit hour
residency requirement. There is no requirement to come on
campus.

Some degree programs/courses may require students to
use a webcam and/or other software to participate in course
requirements.

* System maintenance excluded.
** All courses are conducted in English.
Academic Classification

The number of semester credit hours earned determines a student’s academic classification.

- **Freshman**: 0-29 hours
- **Sophomore**: 30-59 hours
- **Junior**: 60-89 hours
- **Senior**: 90 hours and above

Course Numbers

- **100-199**: lower-division courses for freshmen and other students satisfying prescribed curricular requirements.
- **200-299**: lower-division courses for sophomores, freshmen of proven ability, and juniors and seniors satisfying prescribed curricular requirements.
- **300-499**: upper-division courses for juniors, seniors, and qualified lower-classmen of proven ability.
- **500-699**: upper-division courses for students enrolled in graduate-level studies.
- **700-799**: entry doctoral level courses for students enrolled in Ph.D. programs.
- **800-899**: upper and seminar level doctoral courses for students enrolled in Ph.D. programs.

*Note: Regardless of delivery method, there is only one course number assigned per individual course.*

Cross-listed Courses

Courses in which both graduate and undergraduate students attend the same course but receive credit under different course numbers are referred to as cross-listed. Cross-listed courses are required to have separate and distinct syllabi for each degree level specifying the differences in performance expectations. Ordinarily cross-listed courses occur at 400- and 600-level, however there may be instances in which 600- and 800-level courses are cross-listed. Cross-listed courses taken at one level may not be repeated at the cross-listed level for credit.

Class Load – Undergraduate Programs

The normal class load for undergraduate students is between 9-12 credit hours depending on length of course and delivery method. Students wishing to carry more than the maximum at any given time, must obtain the written permission of their Student Coach and Dean of their college, or designated representative, prior to registration. Students must keep in mind that most courses require two hours of study outside the classroom for every hour of class instruction.

Class Load – Graduate (Master's and Doctoral) Programs

The normal class load for graduate students is 6 credit hours per session. If a student wishes to carry more than the maximum at any given time, they must contact their Student Coach. The Student Coach will then contact the Dean of the student's College, or designated representative, to obtain the written permission prior to registration. Once the request has been reviewed, the Student Coach will contact the student with the decision.

During doctoral dissertation, students must take at least 3 credit hours to be active.

Waitlist

In select courses if a class is full students have the option to choose to be on the waitlist. If a space in the class becomes available prior to the last date to register, students will be enrolled based on their order. Items including but not limited to the student’s overall class load and the status of the selected payment method may prevent enrollment. Students enrolled in a course that do not have their selected payment option satisfied may be removed from the class.

Attendance

All academic programs require active participation. Students are encouraged to contact their instructor when they are absent from class. For more information please see the applicable course syllabus.
Document of the cause of excessive absences will be requested from the student. If a student is experiencing medical issues or family health issues, they should contact Disability Services. Unexcused absences are never acceptable and could result in a significantly lower grade or failure for the course.

Attendance standards for international students and students receiving Title IV funds (financial aid) are established by federal regulation. Bellevue University complies with these federal regulations.

Note: Failure to meet participation expectations for two or more classes without the approval of the instructor could be grounds for an administrative withdrawal.

Change of Schedule

Students are advised to keep any schedule changes to a minimum. For term-based courses, students may contact Bruin Support Services or utilize self-service through the Bellevue Real-Time User Information Network (BRUIN). For questions on course selection or how changing a schedule may impact an academic plan, contact Academic Advising. International students must ensure they maintain full-time status at all times.

Students may drop/add a class through the first week and the dropped course will not appear on the student’s academic transcript. For more information, please contact Bruin Support Services at 1-800-756-7920, option 0, or BRUINSupportServices@Bellevue.edu.

An undergraduate student in a cohort major or graduate student in a cohort program who wishes to drop/add must work with Academic Advising. Changes of schedule may affect financial aid. Students must work closely with their Student Financial Counselor to minimize the impact of the rescheduling on financial aid and tuition payment schedules. Written authorization from Student Finance indicating prior financial arrangements for tuition payment will be required for completion of the rescheduling process. Tuition for courses following the reschedule is assessed at the current tuition rate. Please see the Financial Aid section on page 27.

Withdrawal/Dropping a Course

Students are encouraged to seek solutions to academic problems by utilizing Academic Advising resources. When considering withdrawal from the University, students should consult with their instructors and Student Coach to determine if this is the best course of action. International students should also confer with the Immigration Specialist to determine how withdrawing may impact the student’s F-1 visa status.

Withdrawals usually impact the student’s accounts, financial aid, tuition assistance, and veterans’ benefits status; thus they are encouraged to consult with their student financial counselor prior to withdrawal.

Responsibility for Withdrawal

Students are responsible for initiating and ensuring the withdrawal process is complete. Merely ceasing to attend classes does not constitute an official withdrawal. Any student who has not been withdrawn from a course will be assigned the grade earned as of the end of the course. If they have not received a confirmation of the withdrawal, please contact Bruin Support Services at 1-800-756-7920, option 0, or BRUINSupportServices@Bellevue.edu. Students who wish to withdraw from a class after the “last day to withdraw or change to audit,” must obtain the Dean’s approval through their Student Coach. International students must secure an authorization from a Student Coach prior to any course load adjustment.

Withdrawal from a Program

Prior to withdrawing from a program, students are encouraged to meet with their professor and their Student Coach, to discuss alternatives. If the student must withdraw from an accelerated, cohort-based program, they will follow the withdrawal schedule as stipulated in their financial agreement. A student may initiate the withdrawal through their Student Coach; however, it is the student’s responsibility to ensure the proper withdrawal forms are provided to the Student Finance Office.

The academic goals of a student experiencing dramatic changes in their work or life situations during the year may be affected. Students in this situation are encouraged to meet with their major professor, and with their Student Coach, to discuss alternatives.

A student experiencing medical or family health issues is encouraged to contact Disability Services. An international student, prior to contacting Disability Services, should confer with the Immigration Specialist to determine if they are eligible for a medical hardship or other exception available to F-1 visa students.

Medical Hardship/Compassionate Withdrawal Policy

A student may submit a request for a medical hardship withdrawal and/or a compassionate withdrawal in extraordinary cases in which serious illness or injury (medical hardship) or another significant personal situation, for example, care of a seriously ill child or spouse, or death of the student’s immediate family member* and/or a domestic partner** (compassionate) prevents a student from continuing his or her classes in a particular term. If arrangements with instructors for an extension or incomplete grade are not possible a request may be made for a medical hardship or compassionate withdrawal. The medical hardship withdrawal policy is not intended to apply in situations of chronic or ongoing medical, emotional, or psychological distress. To the extent that Bellevue University protocol applies in compliance with the Americans with Disabilities Act, if a student has a
chronic or ongoing medical, emotional, or psychological condition, they may apply to Disability Services.

* Family member is defined as parent, sister, brother, spouse, mother-in-law, father-in-law, grandparent, grandchild, son, daughter, stepchild, a child in custody of and residing in the home of a student.

** Domestic partners are defined as persons who reside in the same home who have reciprocal duties to and do provide financial and/or emotional support for one another.

A student can secure more information about the University’s Medical Hardship and Compassionate Withdrawal Policy from their Student Coach. Prior to withdrawing, the student is strongly encouraged to visit with their Student Coach to discuss possible options in lieu of withdrawal and Financial Aid Counselor to identify and understand the financial assistance/monetary implications of processing this withdrawal. A student must request a medical hardship or compassionate withdrawal within 60 days of the end of the requested course(s).

**Administrative Withdrawals**

The University reserves the right to withdraw students who fail to meet financial or academic obligations including participation or who, because of misconduct, disrupt the academic process. Administrative Withdrawals are reflected on student’s transcript as appropriate. For more information on administrative withdrawals, please contact a Student Coach.

### Grading Systems and Policies

#### Grading System

Instructors use the following grading system when reporting final grades in each course. The faculty report final grades to the Registrar at the end of each course. They become part of the student’s permanent record and are included in the computations of grade points earned and the grade point average.

**Letter grades for courses with their respective grade point equivalence, are:**

- **A** 4.0 – Work of exceptional character.
- **A-** 3.67
- **B+** 3.33
- **B** 3.0 – Superior work and distinctly above average.
- **B-** 2.67
- **C+** 2.33
- **C** 2.0 – Work of average quality.
- **C-** 1.67
- **D+** 1.33
- **D** 1.00 – Work falls below average, but clearly above failure.
- **D-** 0.67
- **F** 0.0 – Work fails to meet minimum requirements. No academic credit awarded.
- **IF** 0.0 – Incomplete that turns into an F.
- **P** Pass – Used on a limited basis for specified courses. It is not calculated in GPA.
- **N/NP** No Pass – Work fails to meet minimum requirements. No academic credit awarded. Not calculated in GPA.
- **W** Student Withdrawal – Student initiated withdrawal from the course. It is not calculated in GPA.

#### WP Administrative Withdrawal for Non-Participation

#### WC Administrative Withdrawal for Cause

#### AU Audit – No academic credit awarded.

#### I Incomplete – If a student is assigned a grade of “I” or Incomplete, this is not calculated in their GPA. It is a temporary grade the instructor gives at the end of the course to indicate that the student has not completed the required coursework. The instructor will provide a reasonable period of time to complete the required work—up to 12 weeks after the end of the class. If the student does not complete the work according to the time frame specified by the faculty member, they will officially receive the grade earned.

#### Pass/No Pass Courses

A student may elect to take specified courses on a Pass/No Pass basis. A maximum of 15 hours of Pass/No Pass courses may count toward the credit hours required for graduation and toward the 30 credit hour residency requirement. However, Pass/No Pass courses do not count toward graduation honor calculations because no grade points are assigned. Additional limitations on student elected Pass/No Pass courses are:

1. Courses elected on a Pass/No Pass basis are limited to those outside the General Education Core Curriculum (elective courses only) and to courses outside the student’s major and/or minor, with the exception of those courses offered only on a Pass/No Pass basis. In all Pass/No Pass courses, prerequisites must be met.

2. Some courses, beyond those discussed in item 1, will not be eligible for a Pass/No Pass basis. For specific exclusions, contact the appropriate Dean.
3. Approval to take a class as Pass/No Pass must be obtained from the appropriate College Dean no later than the last date to drop/add. Approval to change a course from a Pass/No Pass to regular grading must be made within the same time frame.

4. The Pass grade indicates performance at a “C” level or above in all Pass/No Pass classes. The Pass grade will count toward hours for graduation but will not be included in the GPA calculation.

5. Professional seminars and workshops offered for credit may be awarded a grade of Pass/No Pass. For additional information please contact a Student Coach.

Auditing of Undergraduate Courses
When auditing a course, the student is not required to participate in class recitation, turn in papers, or take examinations, but is expected to attend class meetings. The student may be asked to join group discussions to maintain the flow of the course. Academic credit is not awarded for an audited course. The tuition and fees for auditing are the same as regular course tuition and fees.

A student wishing to audit a course must register for that course as an audit prior to the end of the add/drop period. Once the add/drop period has passed, no student may change from audit to credit or credit to audit. The change must be approved, in writing, by the instructor of the course and the Registrar. International students, or students enrolled in cohort or graduate programs are not eligible to audit courses.

Repetition of Courses
Only coursework completed at Bellevue University is considered in the GPA for repeated courses. A student may repeat a course to raise a previously earned grade. Only the highest grade earned is computed in the Grade Point Average (GPA), and course credits are counted only once toward the required hours for graduation. A student may not retake an individual course after three failures (grade of “F” undergraduate-standing; “C-” or below graduate-standing). The first failed grade per course is included in calculating GPA subsequent failed grades for course are excluded from GPA calculation.

Undergraduate courses taken at other institutions, for which a grade of “A” through “C-” has been earned, are eligible for transfer to Bellevue University. However, if the transfer is a repeat of a failed course at Bellevue University, the original grade of “F” will remain on the student’s record and GPA will not be adjusted.

Grade Appeals
The student has the responsibility and right to call to the attention of an instructor any grade which they believe to be in error. Before filing an official appeal to the administration, the student must first meet with the instructor. If the instructor is no longer with the University, the student must meet with the instructor’s directer to seek clarification of the grade. If the grade is correctly recorded and the student wishes to appeal it, submit the initial written appeal of the instructor’s grade through https://bellevue-advocate.smplicity.com/public_report/index.php within 60 calendar days of the posting of grades in BRUIN. Please note, the Dean may process the appeal in accordance with the colleges appeal procedure. The Dean has the authority to raise or lower the original grade that was assigned and has 15 days to respond to the appeal. A final appeal may be made to the University’s Executive Vice President for University and Academic Affairs or Chief Academic Officer, within 15 days of the Dean’s response. The Executive Vice President for University and Academic Affairs Chief or Academic Officer’s response is final.

Grade Point Average (GPA)
Academic performance is measured by computation of the Grade Point Average (GPA). The GPA is determined by multiplying the grade point value earned in each course by the number of credits assigned to each course, summing the products of the courses attempted, and dividing by the total number of credits attempted. The average is computed only on academic work completed at Bellevue University. The effect of an “F” grade on the cumulative GPA can be changed by successfully repeating the course at Bellevue University, but will remain on the transcript as an “F.”

Note: Transfer credit, ELA credit, CLEP/DSST, NYU Foreign Language Proficiency exams, Computer, and other proficiency tests are not computed into the Bellevue University grade point average.

Dean’s List – Undergraduate Only
Bellevue University believes in rewarding excellence for academic performance in undergraduate programs. The dean’s list recognizes achievement of high academic standards. Degree-seeking undergraduate students are eligible for the Dean’s List after completing 9 credit hours and earning a GPA of 3.6 or higher each term.

Note: The Dean’s List does not determine graduation honors.

Academic Standards of Progress

To complete the requirements for degree conferral, a student will need to maintain a grade point average that meets or exceeds a minimum Standard of Progress. Academic Standard of Progress standing is based on cumulative GPA. The Standard of Progress stipulated in this catalog may remain in effect for seven years from the date of matriculation. If the Standard of Progress is amended during this period, the student is subject to the conditions of the prevailing practice effective at that time.

Academic Warning is an action reminding a student that graduation is impossible unless the academic record is improved. If an academic session is completed with a cumulative grade point average (GPA) less than the 2.0 required for graduation they will be placed on Academic Warning.

Academic Probation is an action that occurs if a student does not meet the cumulative 2.0 GPA two consecutive terms.

Students must contact their Student Coach to determine the exact number of hours and GPA needed to return to Good Standing before enrollment in the next session.

Students placed on Academic Probation are not permitted to participate in organized University activities except as part of class work.

Academic Suspension is an action that occurs if a student does not meet the cumulative 2.0 GPA three consecutive terms.

Students suspended from Bellevue University will not be re-admitted for a period of 12 months. This one-year period begins at the end of the last session of enrollment prior to suspension.

Graduate Academic Performance Standards (Master’s and Doctoral)

The completion of a master’s degree program requires an overall GPA of 3.0 or better is maintained in the program. Master’s degree students are required to have no individual course below a 2.0. Only courses in which a 2.0 or better is earned will be used to meet graduate degree requirements. Guidelines may be obtained from a Student Coach.

Academic Standing – Graduate

Students meeting academic Standard of Progress are considered in Good Standing. If they are not meeting the Minimum Standard of Progress in a master’s program, they will be placed on Academic Warning, Probation, or Suspension. See the corresponding table to determine academic standing.

**Academic Warning** is an early intervention status action reminding a student that graduation is not possible unless they are meeting master’s academic standard of progress and academic record is improved.

**Academic Probation** is an action taken when a student must raise their cumulative GPA to 3.0 to qualify for graduation. While on Academic Probation, they may not register for more than the minimum number of hours recognized by the University as constituting full-time status for a term.

**Academic Suspension** is an action taken when cumulative GPA falls below the Graduate Minimum Standard of Progress. Students suspended from Bellevue University will not be re-admitted for a period of 12 months. This one-year period begins at the end of the last session of enrollment prior to suspension.

### Academic Standing – Doctoral Graduate

**Academic Probation** occurs if a student completes an academic term with a cumulative GPA less than the applicable Minimum Standard of Progress for Ph.D. Programs. Doctoral students on academic probation must raise their cumulative GPA to 3.0 in order to qualify for degree conferral. While on probation, they cannot register for more than the minimum number of hours recognized by the University as full-time status for a term. Students must contact their Student Coach to determine the exact number of hours and GPA needed to return to Good Standing before enrolling in their next term. Additional information may be obtained from a Student Coach.

**Academic Suspension** is an action that occurs if a student does not meet the cumulative 3.0 GPA required for graduation after taking 9 additional hours of coursework while on Academic Probation. Students suspended from Bellevue University will not be re-admitted for a period of 12 months. This one-year period begins at the end of the last term of enrollment prior to suspension.

### Academic Suspension Appeal for Undergraduate and Graduate Students

If a student is placed on Academic Suspension, they have 15 days to file a written appeal if they wish to be re-admitted before the 12 month suspension period has ended. Students are required to meet with a Student Coach when filing a suspension appeal. They will be informed of a decision within 15 days of receipt of the appeal. A final appeal may be made to University’s Executive Vice President for University and Academic Affairs or Chief Academic Officer, within 15 days of the Registrar’s response. The Executive Vice President for University and Academic Affairs or Chief Academic Officer’s response is final.
Graduation

Degree Conferral
Degree conferral is the official awarding of academic degrees, which is reflected on academic transcripts. Degrees are conferred on the last day of each month upon verification that all graduation requirements have been met. For more information regarding degree requirements, please see the Courses, Degrees, and Programs section, page 45.

Diplomas
Once the Registrar’s Office has verified that all degree requirements have been satisfied, Bellevue University will notify the student. Students are encouraged to order their diploma online at that time. The diploma will arrive approximately four weeks after the diploma order form is received. All financial and academic obligations to the University must be satisfied prior to receiving the diploma.

Note: Bachelor and Master level participants in the commencement ceremony receive diploma covers, not the diploma, at the time of ceremony.

Commencement Ceremony
Students are allowed to participate in only one commencement ceremony per degree. Bachelor’s or master’s degree students do not need to be conferred prior to participating. Degree conferral is required for doctoral graduates. Students are required to register by specific deadlines to participate in a commencement ceremony. For more information, please visit bellevue.edu/graduation.

• The deadline for registering to participate in the Winter Commencement is November 15.
• The deadline for registering to participate in the Spring Commencement is April 1.

Academic Regalia
The approved “regalia” consists of a black cap, a black gown for both men and women, and a tassel. Ph.D. students have a formal hooding during the ceremony. Graduates receiving master’s degrees wear a master’s hood during the ceremony. Undergraduate participants meeting the criteria wear cords designating honors, if applicable. All ceremony participants who have served or are currently serving in the United States Armed Forces wear red, white, and blue military recognition cords as part of their commencement regalia. Students who wish to wear items other than the approved regalia, will need to submit a written request to the Chief Academic Officer 60 days prior to the commencement ceremony. Failure to comply with standards for regalia will result in being barred from participation in commencement exercises.

Commencement Dates
All ceremonies begin at 9:10 a.m. (All dates subject to change)
• 2017 Spring Commencement – Sat., June 3, 2017
• 2018 Winter Commencement – Sat., Jan. 27, 2018

Graduation Honors – Undergraduate
To be eligible for graduation honors, students need to complete a minimum of 60 credit hours at Bellevue University. Credit hours earned with grades of pass/fail do not count toward graduation honors. Computer proficiency tests, CLEP/DSST, NYU Foreign Language Proficiency Exams, PLA, or any other transfer credits also do not count toward honors. Degrees with honors are awarded to candidates whose cumulative GPA in courses taken at Bellevue University fall within the following limits:

Graduation Honors – Graduate
Graduation honors are not awarded for master’s or doctoral degrees. Rigorous academic standards must be maintained in all graduate programs. In the academic tradition, there is no higher honor than to be admitted as a graduate student and ultimately receive a graduate degree.

Alumni Benefits
Graduates of Bellevue University join alumni worldwide and are entitled to a variety of benefits, such as: free lifetime access to the University’s extensive library databases and services, free admission to regular season home athletic events, a 50% tuition discount on undergraduate classes (6 hours per academic year and excluding accelerated programs and independent study courses), and waived application fee, at time of submission, for Bellevue University master’s degree programs. Alumni receive news about the University in The View, Bellevue University’s newsletter to alumni and friends, and the digital online version of The View, as well as the monthly AlumniLink email newsletter.
The Alumni Achievement Award is presented to alumni who distinguish themselves in their chosen field of endeavor, by active participation in community service and volunteer organizations, and by generous and selfless giving of time, efforts, talents, and financial support to further the mission of Bellevue University.

Alumni can access career and social networking sites and blogs at bellevue.edu/connected. To seek financial support and maintain the accuracy of mailing and electronic addresses, the University contacts alumni each year by phone. State Regulatory Information

Bellevue University is accredited by the Higher Learning Commission and the U.S. Department of Education. The Higher Learning Commission is an institutional accrediting agency recognized by the U.S. Department of Education. In accordance with state regulations regarding authorization to provide post-secondary education through distance or correspondence education in a state in which it is not physically located or in which it is otherwise subject to State jurisdiction as determined by the State, Bellevue University makes the following disclaimers per authorization by each state regulatory agency.

Students, especially those seeking to enroll in a Bellevue University distance education program that include clinical, internships, or practicums residing outside the state of Nebraska, but within the United States, District of Columbia, and U.S. Territories (excludes International locations), should check the University's authorization status before applying. We will continue to serve out-of-state students while working with individual state authorization agencies to secure institutional authorization requirements; unless otherwise indicated.

Bellevue University is a proud member of the National Council for State Authorization Reciprocity Agreements (NC-SARA). The consortium provides reciprocity to member states relative to being an education option for residents of member states. For more information, please visit: http://www.nc-sara.org/what-are-student-benefits, or download the NC-SARA FAQ PDF or visit http://www.nc-sara.org/state-actions/state-actions-regarding-sara for a list of states participating in SARA.

In the event that a student complaint cannot be resolved at the University level, a student may contact the State Authorization Reciprocity Agreement (SARA) portal agency at https://ccpe.nebraska.gov/student-complaints-against-postsecondary-institutions. Please note that the Commission cannot, by law, review complaints related to course grades, academic sanctions, or discipline/conduct matters.
