

## **Bellevue University Clinical Counseling Program CACREP Outcomes Report**

*Posted Winter 2024 by Dr. Chris Carver, CACREP Liaison*

The Clinical Mental Health Counseling Program at Bellevue University is a CACREP (Council for Accreditation of Counseling and Related Education Programs) accredited program. This accreditation by CACREP provides recognition that the content and quality of the program has been evaluated and meets standards set by the profession. Our CACREP accredited program has been in place since June of 2016. This past year, 828 individuals applied to the MSCC program and 424 matriculated.

### **Licensure Exam Pass Rate:**

Surveys of graduates over the past academic year indicate a self-report pass rate for national licensure exams of 86% for those who took the exam.

### **Program Graduates and Completion Rate:**

In the 2023-2024 academic year, 166 students graduated from the MSCC/MSCMHC program. Our current completion rate is 56.4% within four years of starting the program.

### **Licensure Rate:**

Graduate surveys conducted over the past academic year show a rate of successful licensure (provisional/initial) for those who applied for licensure of 100% (n=11).

### **Clinical Counseling Job Placement Rate:**

Data could not be collected this academic year due to a survey error. However, in previous years, placement rates for graduates who sought employment were over 90%.
